Delaware's State Innovation Model (SIM) Update

August 4, 2016

Success in 2016: Critical path

Metrics

Status

| | |
|--|---|
| 1 Common Scorecard accessible to PCPs statewide | <ul style="list-style-type: none">▪ V2.0 accessible to 21 testing practices▪ Scorecard enrollment, provider webinars live▪ On track for September statewide release |
| 2 50% providers participating in practice transformation | <ul style="list-style-type: none">▪ ~35-40% providers enrolled¹▪ Developing plan to reach additional providers |
| 3 40% of Delawareans attributed to PCPs in value-based payment models | <ul style="list-style-type: none">▪ ~20% Delawareans in value-based payment models²▪ Payers continuing to enroll practices |
| 4 3 Healthy Neighborhoods launched | <ul style="list-style-type: none">▪ West/Central Sussex launched July 21▪ HN project director continuing conversations in wave 1 HNs |

¹ July 2016 PT vendor report indicated 96 sites and 354 MDs, NPs, PAs; current Scorecard estimates 1,112 physicians, NPs, PAs in Delaware; adjusting for 10-20% part-time practitioners yields ~900-1,000 providers; does not include TCPI participants

² Majority in Medicare Shared Savings Plans

Success in 2016: Supporting innovations

Metrics

Status

1 Behavioral health integration testing program launched

- Not launched
- Implementation plan to be shared at August DCHI Board meeting for approval; plan to launch in Fall

2 Workforce curriculum available

- Not available
- Vendors beginning curriculum development; intend to launch first module in October

3 Health literacy materials launched on website

- Not launched
- ab+c developing content on www.choosehealthde.com

4 APCD on path to be operational in 2017

- DCHI published position paper on multi-payer access to claims
- Governor signed legislation enabling APCD on July 21

Success in 2016: DCHI Operational sustainability

Metrics

Status

1 Broad base of financial contributors

- Board Strategic Financial Planning meeting held in July
- Plan to continue strategic planning discussions

2 Staff hired for administration, Healthy Neighborhoods, Clinical Committees

- Executive Assistant and Healthy Neighborhoods project director hired
- Recruitment underway for HN Program Manager and Community Coordinators

3 DCHI program dashboard live

- Dashboard with initial draft of measures to be shared at August DCHI Board meeting

West/Central Sussex Local Council is the first Healthy Neighborhood

Healthier Sussex County
Connecting Community & Health Resources

- DCHI launched its first Healthy Neighborhood in West/Central Sussex on July 21
- West/Central Sussex includes ~10% of Delaware's population and covers a large geographic area
- There is a high need in the Neighborhood, as many health indicators and social determinants of health are lower than US average and, in some cases, even lower than Delaware average
- West/Central Sussex has a strong infrastructure of community engagement (e.g., Sussex County Health Coalition and Healthier Sussex County). The Healthy Neighborhood approach provides robust representation from the community including residents, community organizations, employers and health systems

DCHI draft consensus paper, “Licensing and Credentialing Health Care Providers”

Coordinated, statewide efforts are needed to reduce and eliminate providers' barriers to delivering care. The Workforce and Education Committee has identified the burdensome processes of credentialing as a key area for improving provider workflow.

Licensing and Credentialing
Health Care Providers

Recommendations

- 1) Identify the end goal for streamlined credentialing procedures within Delaware
- 2) Operationally define and set parameters related to applications, time limits
- 3) State legislation should be considered as a policy lever to set streamlined credentialing parameters for hospitals, provider networks, and payers
- 4) Delaware should transition to an Automated Credentialing System in the future
- 5) Ensure providers new to Delaware have access to licensing and credentialing resources
- 6) Remove the Delaware Practical Board Examination as a requirement for dental licensure

Upcoming DCHI Committee Meetings

Patient and Consumer Advisory

- Aug 4, 1:00pm
- Edgehill Shopping Ctr

Payment Model Monitoring

- Aug 10, 4:30pm
- UD STAR Campus

Workforce and Education

- Aug 11, 1:00pm
- UD STAR Campus

Clinical

- Aug 16, 1:00pm
- UD STAR Campus

Healthy Neighborhoods

- Aug 17, 1:00pm
- UD STAR Campus

Please check the DCHI website (www.DEhealthinnovation.org) for the latest information about all DCHI Board and Committee meetings
