**Caring  
Community**

Serving Eastern Sussex County

## **Who we are...**

The Village is a volunteer, non-profit organization dedicated to helping older adults live independently for as long as possible.

The Village provides volunteer support services and programs that enhance the lives of members by helping them to remain healthy, active and engaged in a variety of social, educational and cultural activities.

We are part of a nation wide movement; Village to Village Network

## Serving Eastern Sussex County

### **What we do...**

The Village is working to meet the growing needs of older adults in eastern Sussex County. As a nonprofit, our mission is to provide opportunities so that older adults can live healthy and independent lives for as long as possible.

We collaborate with other organizations, such as Beebe Hospital, Meals on Wheels, farmers markets, home healthcare services, 55+ Communities, and more in an effort to promote wellness, engagement and reduce the cost of services to older adults.

Serving Eastern Sussex County

**\*Services we provide:**

- Transportation
- Friendly Visits and Conversation
- Respite for Caregivers
- Household Support
- Technology Assistance
- Telephone Check-in
- Social and Educational Programs
- Vetted Vendor Services

\* Complete list of services can be found in the backup slides

## Serving Eastern Sussex County

### **What we do...**

While many of the service requests are for transportation to physician practices, hospitals, imaging centers and rehabilitation centers in the area, we offer and provide so much more to our members. That is, we are more than the driver, we are:

- The 2<sup>nd</sup> set of ears in the doctor's office taking notes
- The helper getting a boot on a broken foot in the morning
- The person picking up prescriptions and food
- The friend reading correspondence, organizing papers, files, and more
- The organization helping older adults to live healthy and independent lives as long as possible

Serving Eastern Sussex County

## **The Growth Factor**

The Village is currently providing much needed support for older adults that helps them to easily reach Healthcare Services. As the population and the needs of the county expand, so must the organizations that provide support.

The Village serves members in Lewes, Milton, Rehoboth, Harbeson, with expansion planned to Millsboro, Long Neck and more.

The pace of growth is dependent upon the communities knowing of the Village Value Proposition, knowing where the gaps in service are, obtaining volunteers and supporters.

Serving Eastern Sussex County

### **The need...**

We are seeking the assistance of the Delaware Health Care Commission to assist in our efforts to support the current population and the anticipated growth of older adults in Sussex County.

- Outreach – assistance in creating relationships with the most appropriate channels
  - ✓ Healthcare Providers, such as physicians, physician practices, social workers, discharge planners, others
  - ✓ DHSS and particularly the Division of Aging and Adults with Physical Disabilities

## Serving Eastern Sussex County

### **The need...**

We are seeking the assistance of the Delaware Health Care Commission to assist in our efforts to support the current population and the anticipated growth of older adults in Sussex County.

- Access to Information, through the DHIN, that would help us understand the population, those underserved, gaps in coverage and more
- Partner with committees, such as Healthy Neighborhoods, that would allow us to learn, share, develop additional Villages; broadening the ability to support the growing population of older adults
- Promote the leadership of the State of Delaware Health Care Commission as an innovative and cost effective service model in supporting older adults.
