William Love, Director
The Guide to Services for Older Delawareans and Persons with Disabilities contains a wealth of information about services and programs around our state.

The guide is organized into numerous sections, each of which provides information on a specific subject, such as a type of service or program. Most sections contain a short description of the service and a list of service providers along with their contact information. The sections are presented in alphabetical order, starting with Accessibility and ending with Volunteerism. A full list of subjects can be found in the Table of Contents at the beginning of the guide.

To find information about a specific service provider or resource, such as a senior center or a home care agency, you can look in the Index at the end of the guide. The index lists the organizations and resources included in the guide and the page number(s) where you can find information about them.

The Guide to Services is available in print format and on the web. The web version is formatted for easy navigation. Just follow the links next to the guide to visit the various sections. An advantage of the web version is that you can adjust the size of the font to suit your needs. To access the web version of the guide, visit www.dhss.delaware.gov/dsaapd.
You can also visit the Delaware Aging and Disabilities Resource Center (ADRC) website at www.DelawareADRC.com to get a copy of the guide and use the Service Search feature of the site to learn about services in your county.

10 Things You Need to Know About the ADA

1 **ADA Background.** On July 26, 1990, this landmark legislation was signed into law by President George H.W. Bush. The ADA gives civil rights protections to individuals with disabilities and guarantees equal opportunity in public accommodations, employment, transportation, state and local government services and telecommunications. Visit www.law.georgetown.edu/archiveada.

2 **Definition of Disability.** The ADA, as amended, defines a person with a disability as someone who has a physical or mental impairment that substantially limits one or more major life activities. In general, these include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working.

3 **Reasonable Accommodation.** A reasonable accommodation is defined as any modification or adjustment to a job or work environment that will enable a qualified applicant or employee with a disability to participate in the application process or to perform essential job functions. Reasonable accommodations assure that a qualified individual with a disability has the same rights and privileges as those without disabilities. For more information, go to www.AskJAN.org.

4 **Filing a Complaint.** ADA enforcement is a complaint driven process. Many people are surprised to learn that government officials do not make visits to employers, state and local agencies or businesses to see if they are ADA compliant. However, once someone has filed a formal complaint, various government agencies are responsible for conducting an investigation and taking legal action, if appropriate. If you feel that you have been discriminated against because of your disability, the following resources may be helpful:
   
   - Call the U.S. Department of Justice’s (DOJ) toll-free ADA Information Line at 800-514-0301 (TTY: 800-514-0383).
• Visit the National Disability Rights Network website at www.napas.org to learn about legal assistance in your state.

• File a complaint with the U.S. Department of Housing and Urban Development at www.hud.gov if you feel you are the victim of housing discrimination.

• Find out how to file a charge of employment discrimination with the U.S. Equal Employment Opportunity Commission at www.eeoc.gov

5 **ADA Materials and Publications.** To order free publications, contact the ADA Information Line at 800-514-0301 (TTY: 800-514-0383).

6 **DBTACs.** Disability and Business Technical Assistance Centers (DBTACs) provide trainings, materials, information and technical assistance on the ADA to people in 10 different regions throughout the United States. DBTACs promote public awareness of the ADA. To contact your regional DBTAC, call 1-800-949-4232 or visit wwwadata.org.

7 **Service Animals.** Since March 15, 2011, only dogs that are specially trained to do work or perform tasks for people with disabilities are recognized as service animals under titles II and III of the ADA. Tasks performed by service dogs may include guiding people who are blind, alerting people who are deaf, pulling a wheelchair, reminding people with a mental illness to take prescribed medications and calming people with Post Traumatic Stress Disorder (PTSD). The task a dog has been trained to do must be directly related to the person’s disability. Visit www.ada.gov.

8 **Voting.** Under the ADA, polling places nationwide are required to be physically accessible to people with disabilities for federal elections. When an accessible location is not available, an alternate means of casting a ballot on the day of the election must be offered. Get a Checklist for Polling Places from www.ada.gov.

9 **Medical Care.** Prior to the ADA, health care professionals had no legal obligation to provide care and could refuse patients with disabilities. Today, medical care providers are required to offer accessible health care facilities and to make reasonable modifications to policies, practices and procedures for individuals with disabilities. Read Access to Medical Care for Individuals with Mobility Disabilities at www.ada.gov.

10 **Guide.** Disability.gov offers many resources about the ADA, including those listed in this guide. The site’s Civil Rights section also features information about other laws including the Fair Housing Act; Individuals with Disabilities Education Act; Ticket to Work and Work Incentive Improvement Act; and Voting Accessibility for the Elderly and Handicapped Act. Stay connected to Disability.gov through Facebook, Twitter and Disability.Blog.
Listed in this section are
• Companies that sell adaptive equipment for the home, transportation, communication, and personal use.
• Agencies that can answer questions about the Americans with Disabilities Act (ADA) requirements for accessible facilities.
• Companies that sell Durable Medical Equipment.
• Companies that can loan, rent or help provide funding for equipment.
• Companies that modify homes and facilities to make them more accessible.

Listed in this section are:

- **Organizations that offer Caregiver Support Services, including CARE Delaware (Caregiver Assistance-Respite-Education)**

The Division of Services for Aging and Adults with Physical Disabilities CARE Delaware program supports 8 staffed Caregiver Resource Centers located throughout Delaware in senior centers and at New Castle Easter Seals. Assistive Technology Resource information is available at the Easter Seals Caregiver Resource Center. The centers are staffed on a part-time basis. Materials can be reviewed at the centers or checked out for home use. The Caregiver Resource Centers are the community’s access point for information on a variety of caregiving issues. The coordinators at each center understand the challenges that caregivers face. They can provide information, assistance and support that can be the most helpful in a caregiver’s individual situation. They will help caregivers navigate the array of services available, find solutions to individualized concerns and make appropriate referrals. Many Caregiver Resource Centers also have support groups.

The Division of Services for Aging and Adults with Physical Disabilities CARE Delaware program has partnered with the Delaware State Library system of 33 libraries to assist caregivers in obtaining information to assist them with caregiving. For additional information and resources you may contact your local library or go to their website: http://guides.lib.de.us/

To locate your local library visit: http://lib.de.us/list-of-libraries

or call the Delaware Helpline at 211.

- **Organizations and companies that offer, either with or without charge, Case Management Services**

Case management is a method of providing services whereby a professional assesses the needs of the client and the client’s family, when appropriate, and
arranges, coordinates, monitors, evaluates, and advocates for a package of multiple services, whether medical or non-medical, to meet the specific client’s complex needs. The client and his/her family are the primary decision-makers in this process.

(855) 260-3274 or www.caregiver.va.gov

- **Organizations and facilities that offer Respite Services (a short break for caregivers) in your home or at their facility**

Respite means rest and relief to families that care for an older person or a person with a disability of any age. Respite services can be provided in the home or in an institutional setting. Respite services in the home are provided by licensed home health agencies or even by individuals you select and train. The respite worker remains with the person for a specified period of time, performing daily tasks as needed. Nursing homes, assisted living facilities and hospitals may also make accommodations for overnight respite periods.

Adult Day Care, a program for older persons, adults with disabilities and persons with Alzheimer’s disease, provides supervised therapeutic,
recreational and social activities for individuals who do not require 24-hour institutional care, but cannot live independently due to physical or mental challenges. Most adult day care programs provide the following services:

- Food service
- Medical care (emergency treatment)
- Nursing care (monitoring conditions, administering medications)
- Recreational activities
- Social work services (counseling, linkage with other services)
- Support groups
- Therapy (physical, speech, occupational, reality orientation)
- Transportation

Go to www.nadsa.org for a site visit checklist to use when you visit adult day care programs.

Organizations that offer financial assistance for respite services:

Contact the Delaware Lifespan Respite Care Network at (302) 221-2087 or (800) 677-3800 or www.delrespite.org or Children & Families First at (800) 220-3092 or www.cffde.org for possible respite options and financial assistance. The Network will assist you in identifying various respite options that might work for you and offers respite vouchers for up to $500 annually for eligible families.

ALZHEIMER’S RESPITE CARE FINANCIAL ASSISTANCE PROGRAM

DELAWARE CRIME STOPPERS
Offers a means by which Delawareans may provide, at no personal risk, information on serious unsolved crimes in the community. Crime Stoppers works with the police by providing leads that are verified and investigated. When the investigation results in an arrest and an indictment, the caller may be eligible for a reward up to $1,000. Anonymity is assured every caller.

To provide information, call (800) TIP-3333
www.delawarecrimestoppersweb.com

ELDERLY CRIME VICTIM SERVICE
Provides follow-up services as needed to crime victims age 50 and over who are victims of a variety of crimes including robbery, destruction of property, verbal assault, purse snatching, domestic violence or sexual abuse. Services offered include accessing medical help and counseling, accompaniment to court and referrals to other social services.

POLICE VICTIMS ASSISTANCE PROGRAM
Anyone who has been the victim of a crime can call the Police Based Victims Assistance Programs. A victim advocate will provide crisis intervention and information and make referrals to social and private agencies for anyone who has experienced domestic violence or disputes, sexual assault, child abuse or neglect, or, elder abuse or neglect. Victim advocates also work with families who have suffered a loss due to homicide, suicide, or fatal crashes or sudden deaths. The advocates will help victims and their families understand the criminal justice system.

DEPARTMENT OF JUSTICE - VICTIM/WITNESS SERVICES UNIT
Provides information on criminal justice procedures, notification of case status information, support counseling and accompaniment to many victims and witnesses in pending criminal cases. As an advocate for the victim, the program assists in replacing stolen identification cards, property return, employer intercession, completing Victim Loss Statements and filing Violent Crimes Compensation Board claims. Referrals to community resources may be offered. The Rape Response Unit provides social work
services for pending sexual offense cases.
(800) 870-1790
www.attorneygeneral.delaware.gov

VICTIMS’ COMPENSATION ASSISTANCE PROGRAM
Compensates innocent victims of violent crimes, paying for costs that are not covered by insurance such as Medicare, Medicaid or private insurance. The program compensates for net lost income and expenses incurred due to personal injury, disfigurement disability, or mental suffering. Medical costs are paid directly. There is no compensation for loss of personal property. The program also addresses community education, providing speakers on the compensation program and violent crime.

If you have been the victim of a violent crime (and the crime has been reported to the police), you may file a claim form with the Victims’ Compensation Assistance Program. If you are unable to visit the office, an investigator can come to your home or the hospital.

**SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)**
The SNAP Program supplies persons meeting certain eligibility requirements with a benefits card that may be used to purchase food. The program is administered by DHSS’ Division of Social Services. For more information, call Delaware Helpline 211 or (800) 464-4357.

**FOOD SUPPLEMENT PROGRAM**
Food Supplement Program is a program that enables low-income families to buy a variety of food that is the basis for better nutrition. Benefits are issued electronically to the family’s Delaware Food First card each month. The Food First Card is similar to a bank debit card. The Food Supplement Program recipient uses this card at local grocery stores to buy food.

**Eligibility**
Eligibility for this service is based on factors such as who lives and eats together and your income. You must be a U.S. Citizen or an eligible alien to qualify. Individuals who receive TANF, GA or Supplemental Security Income (SSI) do not need to meet an income test in order to receive Food benefits. The maximum gross monthly income limit for most other individuals is set at 200% of the Federal Poverty Level (FPL). There is no resource test.

FEELING AT HOME WITH HOME CARE: CHOOSING THE RIGHT PROVIDER

Home care is a viable and often preferred alternative to long-term hospitalization or other institutionalized care. Home care may be recommended for patients with long-term health conditions, acute illness, permanent disability or terminal illness. In these cases, there are often a number of services available. The services of nurses, physical therapists, speech therapists, occupational therapists, social workers, dietitians, home health aides, homemakers, chore workers and companions are all usually available though the home care provider.

Your loved one’s physician will help you decide what services she needs, but choosing the right home care provider takes some time and research.

The first step is to discuss the care recipient’s home care needs with his physician, hospital discharge planner or case manager. Also, ask for a list of local, licensed home care agencies. If a list is not available, request one from the Delaware Division of Public Health at (800) 942-7373.

The following should also be considered when choosing a home care agency:

• Does the agency provide the services your loved one needs?

• Does the agency provide continuity of care? Will the same professional Caregiver or team be involved for the duration of the care plan?

• Are the care recipients and family Caregivers included when the agency develops or changes the care plan?

• When is the agency accessible? Is someone available to assist you and your loved one to answer questions after hours or in an emergency?

• Does the provider have a good reputation and positive track record? Ask for a list of references from local physicians, health care professionals, discharge planners, and former clients.
• How long has the agency been in business, serving your community?

• Is the agency licensed (required in many states) and accredited by a healthcare accreditation organization, such as the Joint Commission on the Accreditation of Healthcare Organizations (JCAHO)?

• Does the agency accept Medicare, Medicaid, or other public third party payors? Because each state has its own eligibility requirements, the home health agency may not accept patients covered by Medicaid.

• Is the agency Medicare certified? Only Medicare certified agencies can provide services covered by Medicare. It is also beneficial to determine if the agency will continue services if Medicare or other reimbursement sources are exhausted.

The agency you choose should be an extension of the physician’s original plan of care for the patient. It is essential that the agency and Caregivers work well with the care recipient, her family and physician. The common goal for everyone involved in the patient’s home care services should be a successful recovery.

Listed in this section are:

- **HOME HEALTH CARE AGENCIES, NON-SKILLED/SKILLED**
  Home Health Care and Personal Assistance Services Agencies help individuals function as independently as possible in their own homes. Services vary from agency to agency and range from personal care and assistance, companion care, light housekeeping, cooking and transportation to medically-oriented skilled care such as dressing changes or physical therapy provided by a licensed professional, and may include live-in help. Medicare will only cover certain costs of services under certain conditions.

  If you have a complaint regarding the care you receive from a licensed home health care, personal assistance services or hospice agency or you would like to review the licensing requirements, please call the Office of Health Facilities Licensing and Certification at (800) 942-7373.

- **COMPANION PROGRAMS**
  Companion programs for seniors are designed to provide companionship to older people who are lonely and may not be in contact with family or friends for a variety of reasons. The companion programs listed below include both face-to-face and telephone visitation programs. You may also find fee-based Companion Services offered by non-skilled home health care agencies.

- **TELEPHONE REASSURANCE PROGRAMS**
  Individuals over the age of 60 who are homebound and/or live alone receive a daily phone call at a specific time to find out if he/she is safe and well, requires special assistance, or has any problems. The program provides important reassurances and social contact for those who might otherwise be isolated.

SPEECH TO SPEECH-STS

STS is a U.S. phone service that enables people with a speech disability to make phone calls with the help of a communicator. Those who stutter, have cerebral palsy, muscular dystrophy, multiple sclerosis, or have speech difficulties after a stroke or brain injury can benefit from STS. You do not need to have a speech difficulty to make an STS call. You may wish to call someone who has speech difficulties.

CAPTEL

Captioned Telephone or “CapTel” is a telephone service for persons with hearing loss or speech disabilities so that they can use the phone just like everyone else. It is ideal for people with almost any degree of hearing loss and works like any other telephone with one important addition- It displays every word the caller says throughout the conversation. If a person has problems with speech clarity, it will help the listener to understand the speaker. CapTel phone users can listen to the caller, and can also read the written captions in the CapTel’s bright display window. It is a free service that is paid for by a state surcharge on all Delaware customer bills. In Delaware, a person can get further information or apply for CapTel service through the Department of Labor, Division of Vocational Rehabilitation, Office of the Deaf and Hard of Hearing.

Application Process for the Delaware Captioned Telephone Services (CAPTEL)

The Delaware Office of the Deaf and Hard of Hearing (DODHH) administers the CAPTEL program, which provides access to public telecommunication services by residents of Delaware who have hearing or speech disabilities and can benefit from captioned telephone conversations, using devices for analog communications. Call them at (302) 761-8275.

If you are not eligible for a free telephone, you can purchase a CapTel 840 telephone in Delaware at a reduced price by calling (800) 233-9130 or going to www.CapTel.com. The telephone requires telephone service and high speed internet access.
STATE SERVICES FOR GRANDPARENTS AND RELATIVE CAREGIVERS RAISING OTHERS’ CHILDREN

The following support services are available to grandparents and relative caregivers if they meet eligibility requirements.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF):
Temporary Aid for Needy Families (TANF) is one of Delaware’s cash assistance programs. You can apply for TANF in three different ways: 1) for yourself; 2) for yourself and the child you are raising; or 3) for the child only. You do not have to have custody or guardianship of the child, but you must be related to him or her. If you are applying for a child-only TANF grant, only assets and income of the child are considered. For more information or to apply, please contact a Division of Social Services office.
GENERAL ASSISTANCE (GA):
General Assistance (GA) is cash payment that can be used for an unemployed adult, or used for people caring for unrelated children. Only assets and income of the child are considered when you apply for GA. For more information or to apply, please contact a Division of Social Services office.

KINSHIP CARE PROGRAM:
The purpose of the Kinship Care Program is to assist caregivers during the 180 day transition period when a child initially moves into the non-parent caregiver’s home. The program assists caregivers in meeting the child’s immediate need for clothing, shelter, health, and educational supplies. For more information, contact the Delaware Helpline at (800) 464-4357 or a State Service Center. The Delaware General Assembly provides funding for the Kinship Care Program and it is limited to available state funds.

MEDICAID:
Medicaid is medical insurance that pays for doctors’ visits (including well-child visits), in-patient and out-patient hospital services, lab tests, behavioral health services, prescription medicines, eye exams, glasses, dental care for children, and over-the-counter medicines prescribed by your doctor. Eligibility for Medicaid is determined by income.

Almost any child whose parent is not in the home and who has little or no income of his or her own can get Medicaid health insurance coverage.

Low-income children can get Medicaid even if they cannot get Temporary Aid for Needy Families (TANF) or Supplemental Nutrition Assistance Program (SNAP).

If you or the child is eligible, Medicaid may begin immediately. For more information or to apply, contact your local Division of Social Services office.

DELAWARE HEALTHY CHILDREN PROGRAM:
This is a health insurance program for children. If you have not been able to afford medical insurance for your child and do not qualify for Medicaid, you may purchase very low cost medical insurance through the state of Delaware. For more information or to apply, please contact your local Division of Social Services office or call (800) 996-9969.
HELP PAYING YOUR MEDICARE PREMIUM:
Low-income Medicare beneficiaries may be eligible for help with paying all or some of their Medicare premium and, in some cases, payment of Medicare co-insurance and deductibles. For more information or to apply, contact a Division of Medicaid and Medical Assistance office.

SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP):
The Supplemental Nutrition Assistance Program (SNAP) helps single people and families with little or no income purchase food they need for good health. A SNAP household consists of people who live together and buy food and prepare meals together. Spouses and children under the age of 22 who live with their parents must be included in the SNAP household. The income of all household members counts towards the SNAP income limits and determines how much assistance they get. You may be eligible for the SNAP program even if you cannot get assistance from other programs. For more information or to apply, please contact a Division of Social Services office.

CHILD SUPPORT:
The Division of Child Support Enforcement is the state agency that helps custodial parents and caregivers to establish paternity and obtain child support from obligated parents. Services are free to those parents and caregivers who receive Temporary Aid to Needy Families (TANF) or Medicaid. For more information in New Castle County call: (302) 577-7171; in Kent County call: (302) 739-8299 and in Sussex County call: (302) 856-5386.

www.dhss.delaware.gov/dcse

CHILD CARE: (ALSO KNOWN AS PURCHASE OF CARE)
The purpose of the Division of Social Services Purchase of Care childcare program is to provide support to families who need childcare but who cannot pay for all or part of the cost. This service is available to parents, grandparents, or other related adults responsible for the child’s care.

You may get help with day care if you are working full-time, part-time and your income is low enough. If eligible, you will choose among the licensed child-care centers and childcare family or group homes that accept Purchase of Care reimbursement rates. You may also create your own self-arranged childcare, with the help of your social worker. For more information or to apply, contact a Division of Social Services office.

PUBLIC HOUSING:
Public housing in Delaware is provided by several different agencies, operating with different regulations. The waiting period for housing varied greatly from one agency to the other. You will need to meet income eligibility requirements.
You may also be required to have custody of the child you are raising, even if he or she is a relative.

The Delaware State Housing Authority (DSHA) Community Relations staff can provide you with a list of affordable housing in your area. They will also provide referral information for many services, including assistance for one time rental help, security deposit help or help with energy bills. Call the Delaware State Housing Authority’s Community Relations staff located in Dover at (888) 363-8808, or visit their website at www.destatehousing.com or call the Delaware Helpline at (800) 464-4357. DSHA also has Section 8 Housing Choice Vouchers as well as other affordable rental and homeownership programs.

MENTAL HEALTH SERVICES FOR CHILDREN:
Behavioral health services (substance abuse and mental health treatment) are available for all children in Delaware. Private insurance and Medicaid providers can be located by calling the number on the insurance card. The Division of Prevention and Behavioral Health Services (DPBHS) can serve uninsured children or those needing more than 30 units of outpatient services from Medicaid.

DPBHS provides a range of mental health and substance abuse treatment programs statewide beyond outpatient services, including a 24 hour crisis service. In northern New Castle County call (302) 633-5128; in southern New Castle County call (800) 969-4357; and in Kent and Sussex Counties call (302) 424-4357.

All DPBHS referrals are voluntary and require parents or guardians to provide written consent. The Caregivers’ Medical Authorization Law allows primary caretakers to provide this consent when a parent is unavailable. For further information, contact DPBHS at (302) 633-2571 or (800) 722-7710.

• Train volunteers and others to participate in the Ombudsman Program.

• Advocate for improving the quality of life for residents of long-term care facilities and in the community.

• Provide information and training to residents, families, and staff on topics such as patient rights, living wills, and patient abuse.

OFFICE OF THE PUBLIC GUARDIAN

In cases where persons appear incapable of managing themselves or their property, this office can provide a legal guardian to assume that responsibility.

This would normally occur when an individual is without friends or family, or whose friends or family are not willing to assume guardianship. A court hearing must occur in order to determine the individual’s incapacity, and to establish the absence of willing private guardians. Once appointed, the guardian, under the direction of the Court, takes full responsibility for the management of the person, his/her property, or both.

Delaware Aging & Disability Resource Center
The following companies offer installation and monitoring of PERS systems in your home or apartment. There is a one-time cost for installation and monthly costs to maintain the system. By pressing a button on a device worn on your wrist or around your neck, you can signal that you need emergency help and/or assistance from previously identified family members, neighbors or your local 911 response team. Call these companies for more specific information, including costs. There are many more PERS companies listed on the internet that offer services to Delaware residents.

Questions to ask when considering a personal emergency response system:
1. What is the response time when you push the button for help?
2. Is there a set up fee?
3. Is customer support available?
4. Is the staff at the response center trained?
5. Does someone monitor the battery life in the device?
6. Is the system a wristband, pendant or other device?
7. Is there a way to try out the system before you commit to the service?
8. Can you get out of a service contract if the person moves out of the service area or dies?
9. Are there any additional costs?
10. Are there any specials I should be aware of?

**VIAL OF LIFE KIT**

*(New Castle County residents only)*

**Call (302) 395-8184 for your home kit from the New Castle County Emergency Medical Services Division.**

The Vial of Life program is for those that suffer from chronic illness or take medications on a daily basis. A form is provided on which the participant can list their medical history, medications, significant allergies plus medical service providers. The form is placed in a small medication sized container labeled Vial...
of Life and is stored in the refrigerator. A magnetic card is provided to attach to the outside of the refrigerator to indicate that the vial is inside. Although the vial does not require refrigeration, this location has been chosen as it is a nearly universal appliance within the home. Emergency responders can access the vial for critical information when the patient cannot speak for themselves.

Women are at the epicenter of the Alzheimer’s epidemic.

In her 60s, a woman’s estimated lifetime risk for developing Alzheimer’s is one in six. For breast cancer: one in 11.

There are 2.5 times more women than men providing intensive “on-duty” care 24 hours a day for someone with Alzheimer’s.

More than 60 percent of Alzheimer’s and dementia caregivers are women.
