1.0 SERVICE DEFINITION

- 1.1 The Lifespan Respite Care is a service which provides short-term relief to a caregiver providing unpaid care to a family member or other relative of any age with any disability.
- 1.2 This service offers the caregiver a break from the demands of ongoing care and can be provided in the absence of the caregiver or while the caregiver is in the home.
- 1.3 The service can be provided in a number of ways and the type and extent of care may vary dependent upon circumstances.
- 1.4 This service can be provided by paid professionals, long term care facilities, child or adult day programs, camp programs or by friends or family.

2.0 SERVICE GOALS

- 2.1 The goal of the Lifespan Respite Care is to provide the caregiver with relief from the demands of caregiving. The intent is to maintain the caregiver's mental and physical health and well-being, and reduce stress levels and tension within the family, while assuring continuous care for the care recipient.

- 3.1 The entire state of Delaware.

4.0 ELIGIBILITY & PRIORITY

- 4.1 Persons who provide unpaid care to a family member of any age or disability.
- 4.2 Priority is given to persons/families that are not eligible for respite care services through any other agency or program.
- 4.3 Must live in Delaware.
