**REQUEST FOR PROPOSAL FOR PROVISION OF PRESCRIPTION DRUGS TO CLIENTS,
PSYCHOLOGICAL COUNSELING, MEDICAL ASSESSMENT AND CARE SERVICES TO
HIV/AIDS CLIENTS.
FOR
DELAWARE DIVISION OF PUBLIC HEALTH**

I. INTRODUCTION

A. Background

The mission of the Division of Public Health is to protect and enhance the health of the people of Delaware. The Division accomplishes its mission by:

- working together with others;
- addressing issues that affect the health of Delawareans;
- keeping track of the State's health;
- promoting positive lifestyles;
- Promoting the availability of health services.

The accomplishment of this mission will facilitate the Division in realizing its vision of creating an environment in which people in Delaware can reach their full potential for a healthy life.

Since 1986, the Division of Public Health (DPH) has worked with community partners to provide critical services to HIV/AIDS clients. There are approximately 3,100 Delaware citizens living with HIV/AIDS- and 70 per cent of them live in New Castle County. Their medical conditions vary from home bound to having a productive life, including working full time. However, they all have HIV program needs to one extent or another.

The combined state/private partnership HIV prevention program provides comprehensive HIV medical treatment including management of medical co-infections and Hepatitis B and C, OB-Gyn, and women's health services, mental health assessment and counseling, substance abuse treatment and HIV case management provided by the Ryan White HIV/AIDS Treatment Modernization Act of 2006. In addition, the HIV Program provides outreach and education to family planning sites throughout the state.

The HIV Program provides a wide array of services including HIV counseling and testing, treatment to include the provision of medications under the Ryan White "AIDS Drug Assistance Program" (ADAP). Currently the DPH HIV Program is available in all three Delaware counties and continuity of care to these 3,100 HIV/AIDS clients is a critical factor in the success of this program.

B. Project goals: To provide HIV/AIDS services to eligible clients in Delaware by achieving the following goals:

- Reducing the number of new patients entering into care who are already AIDS-defined. (Currently 56%.)
- Increasing access to primary health care and increasing utilization to the underserved by establishing clinical services in faith-based organizations.
- Providing quality health care to HIV clients in a culturally competent, patient centered, community-based setting.
- Increasing patient understanding regarding HIV infection and self-care. This will increase client participation in health care decisions.
- Making HIV clients in the city of Wilmington aware of specific programs that deal with social marketing and needle exchange so that the disease incidence rates in Wilmington can be reduced.

II. SCOPE OF SERVICES

- All components listed in this section are mandatory.
- The bidder must bid on all services, not just a portion thereof.
- Tasks are associated with a project deliverable when appropriate. (i.e. submission of budgets, staffing etc)
- The Division of Public Health reserves the right to negotiate the requirements and associated reimbursement with the selected contractor relative to the tasks listed below.

Proposals are being solicited for the following services:

- A. Provide comprehensive medical care to those with HIV/AIDS in keeping with current PHS guidelines. Services must include access to prescription drugs and pharmacy services, mental health services, specialty medical care (such as OB/GYN, gastrointestinal, dermatology) in this scope of service.
- B. The contract that will result from this RFP process is funded by the Ryan White HIV/AIDS Treatment Modernization Act of 2006. Ryan White funds are the payers of last resort- and can only be used for

HIV-infected clients for whom all other payment options have been exhausted.

- C. In addition, the Family Planning Integration Project allows statewide HIV education to physicians and health care providers, community-based counseling and testing services, education and outreach, and provision of outpatient services for HIV treatment.
- D. Implement a quality management program to ensure that services are consistent with the guidelines for improvement in the access to and quality of HIV services (in keeping with HRSA requirements)
- E. STATEWIDE ACCESS to HIV related drugs and comprehensive adherence program-this would include
 - o Financial evaluation of all patients accessing care statewide for enrollment into the Delaware ADAP Program
 - o Pharmacist oversight of ADAP program, including provision of a comprehensive adherence education and monitoring program
 - o Tracking of medication dispensing for all patients enrolled in the Delaware ADAP program
 - o Preparation of monthly reports summarizing all medications dispensed per patient

 - o Participation in the Delaware HIV Consortium Formulary Committee

Sussex and Kent HIV Clinics:

Medicaid reimbursement for services will be accepted as payment in full. Review and approval of the guidelines for charges, financial screening and billing for uninsured clients will be performed annually by DPH. The bidder will retain revenue obtained through the HIV Wellness Clinic for project operations.

9. Contractor agrees to comply with all the terms, requirements and provisions of the Civil Rights Act of 1964, the Rehabilitation Act of 1973 and any other federal, state, local or any other anti discriminatory act, law, statute, regulation or policy along with all amendments and revision of these laws, in the performance of this Contract and will not discriminate against any applicant or employee or service recipient because of race, creed, religion, age, sex, color, national or ethnic origin, disability or any other unlawful discriminatory basis or criteria.

18. In the event Contractor is successful in an action under the antitrust laws of the United States and/or the State of Delaware against a vendor, supplier, subcontractor, or other party who provides particular goods or services to the Contractor that impact the budget for this Contract, Contractor agrees to reimburse the State of Delaware, Department of Health and Social Services for the pro-rata portion of the damages awarded that are attributable to the goods or services used by the Contractor to fulfill the requirements of this Contract. In the event Contractor refuses or neglects after reasonable written notice by the Department to bring such antitrust action, Contractor shall be deemed to have assigned such action to the Department.

21. The Department shall have the unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, any reports, data, or other materials prepared under this Contract. Contractor shall have no right to copyright any material produced in whole or in part under this Contract. Upon the request of the Department, the Contractor shall execute additional documents as are required to assure the transfer of such copyrights to the Department.

If the use of any services or deliverables is prohibited by court action based on a U.S. patent or copyright infringement claim, Contractor shall, at its own expense, buy for the Department the right to continue using the services or deliverables or modify or replace the product with no material loss in use, at the option of the Department.

22. Contractor agrees that no information obtained pursuant to this Contract may be released in any form except in compliance with applicable laws and policies on the confidentiality of information and except as necessary for the proper discharge of the Contractor's obligations under this Contract.

C. Financial Requirements

1. 4. The Contractor shall not assign the Contract or any portion thereof without prior written approval of the Department and subject to such conditions and revisions as the Department may deem necessary. 5. Contractor shall maintain books, records, documents and other evidence directly pertinent to performance under this Contract in accordance with generally accepted accounting principles and practices. Contractor shall also maintain the financial information and data used by Contractor in the preparation of support of its bid or proposal. Contractor shall retain this information for a period of five (5) years from the date services were rendered by the Contractor. Records involving matters in litigation shall be retained for one (1) year following the termination of such litigation. The Department shall have access to such books, records, documents, and other evidence for the purpose of inspection, auditing, and copying during normal business hours of the Contractor after giving reasonable notice. Contractor will provide facilities for such access and inspection.
6. The Contractor agrees that any submission by or on behalf of the Contractor of any claim for payment by the Department shall constitute certification by the Contractor that the services or items for which payment is claimed were actually rendered by the Contractor or its agents, and that all information submitted in support of the claims is true, accurate, and complete.
7. The cost of any Contract audit disallowances resulting from the examination of the Contractor's financial records will be borne by the Contractor. 8. When the Department desires any addition or deletion to the deliverables or a change in the services to be provided under this Contract, it shall so notify the Contractor. The Department will develop a Contract Amendment authorizing said change. The Amendment shall state whether the change shall cause an alteration in the price or time required by the Contractor for any aspect of its performance under the Contract. Pricing of changes shall be consistent with those prices or costs established within this Contract. Such amendment shall not be effective until executed by all Parties pursuant to Paragraph B.14.

D. Miscellaneous Requirements
