

INDIVIDUALS WITH DISABILITIES EDUCATION IMPROVEMENT ACT 2004 (IDEA)

This directory is funded through the Department of Health and Social Services' Birth to Three Early Intervention System under the Individuals with Disabilities Education Act (IDEA). Part C of that federal law, which is administered by the Department of Health and Social Services, provides funding and management to support a statewide, comprehensive, coordinated system of early intervention services for infants and toddlers with disabilities and/or developmental delays and their families.

Delaware's early intervention services are coordinated through the Child Development Watch program in the Division of Public Health. Child Development Watch is composed of staff from a variety of state agencies that work together to provide multidisciplinary assessments, service coordination, plan development and service delivery to eligible children from birth up to age three and their families. Referrals can be made to Child Development Watch at 1-302-995-8617 for New Castle County and 1-302-424-7300 for Kent and Sussex Counties. More information about Child Development Watch is contained in this directory.

As part of IDEA, the Interagency Coordinating Council (ICC) has been appointed by the Governor to assist and advise the Department of Health and Social Services in the development, implementation, and ongoing improvement of the early intervention system. The ICC is composed of parents, state agency personnel, private providers, insurance providers, legislators, and professionals involved in personnel preparation. The following page lists current ICC members.

In addition to this directory, the Birth to Three Office also produces *Growing Together*, a portfolio of information for new Delaware parents. This is distributed through Delaware hospitals to the family of each newborn. The portfolio contains a Health Journal to record information on the child's health and development; a newsletter, *Great Beginnings*, from the University of Delaware Cooperative Extension; a developmental calendar which follows the child's growth from birth through age five; a list of helpful phone numbers for Delaware parents; and a READ-ALoud nursery rhyme book to encourage early reading to children.

For more information, contact the Birth to Three Office by calling 302-255-9134.

HOW TO USE THE DELAWARE CENTRAL DIRECTORY OF SERVICES FOR YOUNG CHILDREN WITH SPECIAL NEEDS

The directory is organized to help locate resources and services for young children with disabilities or other special needs. It is divided in the following sections:

Section I	ALPHABETICAL LISTING and PAGE NUMBERS	p. 5
Section II	AGENCY/PROGRAM DESCRIPTIONS	p. 10
Section III	FINANCIAL ASSISTANCE INFORMATION	p. 148
Section IV	SUPPORT GROUPS/TOYS & RECREATION	p. 154
Section V	COUNCILS, COMMISSION, AND BOARDS	p. 162
Section VI	RESOURCE GUIDES	p. 167
Section VII	IMPORTANT PHONE NUMBERS	p. 171

It is our goal to have a complete, accurate listing of services found in Delaware for young children with special needs. If you have information on additional programs or want to correct information in this directory, please call the Birth to Three Office at 255-9134.

*Please note that all of the agencies listed were contacted and asked to submit current information.

An additional resource is:

HELPLINE:
The Statewide Resource for Information and Referral at
1-800-464-4357. (TDD)
If you are Out-of-State Call HELPLINE at 1-800-273-9500.

**UPDATE SUBSCRIPTION FORM
DIRECTORY OF SERVICES FOR YOUNG CHILDREN WITH SPECIAL
NEEDS**

This Update Subscription Form documents that I have received a copy of the State of Delaware, Directory of Service for Young Children with Special Needs, and request that I receive amendments to the Directory as they are approved. I have given my name and address below to the Department of Health and Social Services, solely for this purpose.

I understand that periodically I will be asked to confirm or revise my address to assist the Department in updating its mailing list for this purpose.

Agency/Program Descriptions

ALFRED I. DUPONT HOSPITAL FOR CHILDREN

1600 Rockland Road
P.O. BOX 269
Wilmington, DE 19899
(302) 651-4000

A.I. DuPont Hospital For Children is a full service, pediatric inpatient and outpatient diagnostic hospital treatment center. The hospital serves Kent, Sussex and New Castle counties. Specialty programs are listed below; contact individual programs for specific information on services provided and eligibility information. If your child has a diagnosis not listed below, please call the hospital number for additional information. More information can be found on their website at: www.nemours.org

ACUTE CARE THERAPY PROGRAM

PHONE: (302) 651-6010 or (302) 651-4344

HOURS: Clinic by appointment

SUMMARY: Provides multi-disciplinary, team-oriented therapy services to all inpatients and acutely ill outpatients including evaluation, consultation, treatment and education. Available services include physical, occupational, speech, aquatics, child life and feeding therapy. Typical diagnoses include developmental delays, congenital disorders and acquired disorders.

APNEA PROGRAM

PHONE: (302) 651-5056 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Provides a multidisciplinary team approach to the diagnosis, treatment and management of apnea and related disorders. The program also teaches caregivers how to administer infant/child CPR and how to manage the home monitor.

ARTHROGRYPOSIS PROGRAM

PHONE: (302) 651-5159

HOURS: Clinic by appointment

SUMMARY: Provides evaluation, treatment and long-term management for arthrogryposis patients from birth through age eighteen. Expert staff includes orthopedic surgeons, occupational and physical therapists.

AUDIOLOGY

PHONE: (302) 651-5895

HOURS: Clinic by appointment

SUMMARY: Provides evaluation of patient's hearing sensitivity using the most updated equipment and innovative pediatric techniques. Amplification devices can be custom-fit for the patient. The program also provides counseling for hearing-impaired children and their families regarding educational options available in their community.

AUGMENTATIVE COMMUNICATION

PHONE: (302) 651-5620

HOURS: Clinic by appointment

SUMMARY: A multidisciplinary team provides evaluations and therapy for children who can benefit from augmentative communication systems and from computer-assisted learning and writing systems. Speech-output communication systems and low-tech communication boards help to support patients' functional communication and language development.

BEHAVIORAL HEALTH

PHONE: (302) 651-4500

HOURS: Clinic by appointment

SUMMARY: Provides evaluation, consultation, treatment and support services for children with behavioral health issues and their families. The ADHD program provides diagnostic assessment and treatment for children exhibiting behaviors associated with poor self-regulation and sustained attention.

CEREBRAL PALSY PROGRAM

PHONE: (302) 651-6040 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Provides comprehensive, interdisciplinary specialty services to children with a diagnosis of Cerebral Palsy.

CLINICAL NUTRITION SERVICES

PHONE: (302) 651-4200 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Staff members serve as consultants for patients who have nutritional problems stemming from chronic conditions such as cerebral palsy, cystic fibrosis, renal disease and diabetes.

COMMUNITY BASED SERVICE PROGRAM

PHONE: (302) 651-6014

HOURS: Clinic by appointment

SUMMARY: Provides off-site multidisciplinary evaluation, treatment, consultation and educational services. These services are provided to schools, community organizations, state agencies and other pediatric service providers.

CRITICAL CARE

PHONE: (302) 651-5159

HOURS: 24 hours a day, 7 days a week

SUMMARY: Provides inpatient pediatric intensive care from infancy through adolescence. Advanced life support and surveillance technology is available for medical and surgical intensive care. A pediatric transport team is available to transport critically ill children to the pediatric intensive care unit.

CYSTIC FIBROSIS PROGRAM

PHONE: (302) 651-6400 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: A comprehensive team approach is offered for the treatment and management of children and young adults with cystic fibrosis.

DAY MEDICINE

PHONE: (302) 651-4530

HOURS: Clinic by appointment

SUMMARY: Serves children who have relatively acute medical needs that require nursing supervision, but not an overnight stay in the hospital. May be appropriate for outpatients requiring nursing surveillance.

DENTISTRY

PHONE: (302) 651-5880

HOURS: Clinic by appointment

SUMMARY: Routine preventive and comprehensive dental services are provided for children with physical or developmental disabilities.

DERMATOLOGY

PHONE: (302) 651-5145 or (800) 416-4441

HOURS: Clinic hours by appointment

SUMMARY: Inpatient and outpatient consultation and treatment provided for children and adolescents with acute and chronic skin problems. Facilities are available for diagnosis and appropriate therapy including biopsy for a variety of disorders of the skin, hair, nails, and mucous membranes.

DEVELOPMENTAL PEDIATRICS

PHONE: (302) 651-4511

HOURS: Clinic by appointment

SUMMARY: Assessment and management of infants, pre-school and school-aged children with delays in psychomotor development, speech/language development or behavior problems associated with developmental problems. Evaluation by developmental pediatrician with referral to other pediatric specialists, as indicated.

DYSPHAGIA/FEEDING PROGRAM

PHONE: (302) 651-4354

HOURS: Clinic by appointment

SUMMARY: Specialists evaluate and treat children who have specific oral-motor disorders that lead to swallowing and eating difficulties.

EMERGENCY SERVICES

PHONE: (302) 651-4186

HOURS: 24 hrs/day, 7 days/wk

SUMMARY: Treats children needing immediate and emergency attention for a variety of illnesses and injuries.

ENDOCRINOLOGY

PHONE: (302) 651-5965 or (800) 416-4441

HOURS: Clinic hours by appointment

SUMMARY: Evaluates and treats infants, children and adolescents with disorders of the pituitary, adrenal, hypothalamic, thyroid, testicular, and ovarian functions.

ENURESIS CLINIC

PHONE: (302) 651-6040

HOURS: Clinic hours by appointment

SUMMARY: Treats children with bed wetting problems, Ages 6 years and above.

EPILEPSY PROGRAM

PHONE: (302) 651-5930 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Provides evaluation and treatment of suspected or known seizure disorders. Patients receive a complete assessment including physical examination, EEG monitoring and assessment of anticonvulsant medication effectiveness.

GAIT ANALYSIS LABORATORY

PHONE: (302) 651-GAIT (4248)

HOURS: Clinic by appointment

SUMMARY: Provides objective computer and videotape analysis of body movement, helping physicians and therapists to make treatment decisions and document processes before and after treatment.

GASTROENTEROLOGY AND NUTRITION

PHONE: (302) 651-5928

HOURS: Clinic by appointment

SUMMARY: Treats infants, children and adolescents with all types of gastrointestinal, liver and nutritional disorders. These include: chronic diarrhea, abdominal pain, inflammatory bowel disease, feeding disorders and growth failure.

GENERAL PEDIATRIC MEDICINE

PHONE: (302) 651-6040 or (800) 416-4441

HOURS: Clinic hours by appointment

SUMMARY: Medical problems of children are evaluated and treated by this division, with particular emphasis on diagnostic problems and multi-system disorders. This service does not include primary pediatric care. Referrals to sub-specialists are made as necessary.

GENERAL PEDIATRIC SURGERY

PHONE: (302) 651-5888

HOURS: Clinic by appointment

SUMMARY: Consultation, evaluation, and surgical intervention to infants, children and adolescents. Congenital and acquired lesions of the head and neck, thorax, abdomen, gastrointestinal tract and endocrine organs as well as skin lesions are frequently seen.

GENETICS DEPARTMENT

PHONE: (302) 651-5916

HOURS: Clinic by appointment

SUMMARY: Provides a genetic workup and diagnostic evaluation for children with undiagnosed conditions involving developmental delay and/or multiple abnormalities, including bone dysplasia, short stature and syndrome evaluation. Provides family genetic counseling.

GROWTH DISCREPANCY PROGRAM

PHONE: (302) 651-5916

HOURS: Clinic by appointment

SUMMARY: Offers comprehensive care and treatment for children from birth to age 18 who have a limb deformity or limb length inequality.

HEMATOLOGY / ONCOLOGY

PHONE: (302) 651-5500

HOURS: Clinic by appointment

SUMMARY: Consultative services and therapeutic management for all pediatric hematology and/or oncology problems. Care is coordinated with the child's primary physician. Participates in the Children's Cancer Group.

INFECTIOUS DISEASES

PHONE: (302) 651-4421

HOURS: Clinic hours by appointment

SUMMARY: Patients presenting a wide variety of medical problems, including chronic or recurrent infections, unusual bacterial, fungal or viral infections, or diagnostic puzzles, are evaluated by the pediatric infectious disease specialists.

LYMPHEDEMA PROGRAM

PHONE: (302) 651-5600

HOURS: Clinic by appointment

SUMMARY: Provides treatment for children with congenital and acquired lymphedema.

MUSCLE DISORDERS PROGRAM

PHONE: (302) 651-4200 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Provides comprehensive care for children with problems of the peripheral nerves, neuromuscular junction and muscles, including muscular dystrophies, inflammatory myopathies, Charcot-Marie-Tooth disease and other myopathies.

MUSCULOSKELETAL TUMOR PROGRAM

PHONE: (302) 651-4200

HOURS: Clinic by appointment

SUMMARY: Provides a multidisciplinary approach toward care and treatment for children with both benign and malignant bone and soft tissue tumors.

NEMOURS CARDIAC CENTER

PHONE: (302) 651-6600

HOURS: By appointment

SUMMARY: Offers a full range of diagnostic and treatment services for infants and children with heart problems. The Cardiopulmonary Exercise Laboratory performs tests on children to assess the function of their hearts and lungs with exercise.

NEONATOLOGY

PHONE: (302) 651-5151 (NICU desk: information), (302) 651-5461 (Neonatal Transport)

HOURS: In-patient only.

SUMMARY: Care for critically ill neonates and infants - primarily infants requiring surgical intervention. A Neonatal Transport Team provides prompt transfer of neonates to the NICU.

NEPHROLOGY

PHONE: (302) 651-4426

HOURS: Clinic by appointment

SUMMARY: Consultation, evaluation, and treatment for children with kidney problems provided on an inpatient and outpatient basis. Acute and chronic dialysis (Peritoneal and Hemodialysis) is offered.

NEUROFIBROMATOSIS PROGRAM

PHONE: (302) 651-4200 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: A multidisciplinary program created to address the needs of children with neurofibromatosis. Meets the requirements for affiliation with the National Neurofibromatosis Foundation.

NEUROLOGY

PHONE: (302) 651-5930 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Treats infants and children with a wide range of neurological conditions including: epilepsy and seizure disorders, pain syndromes, neurofibromatosis, headaches and neurodegenerative disorders. Also offers separate headache and epilepsy clinics.

NEUROSURGERY

PHONE: (302) 651-5993

HOURS: Clinic hours by appointment

SUMMARY: Serves children and adolescents requiring surgery of the central nervous systems, with particular emphasis on the integrated care of children with multiple disabilities. Inpatient and outpatient surgery is provided.

OCCUPATIONAL THERAPY

PHONE: (302) 651-4354

HOURS: By appointment

SUMMARY: Evaluates and treats children with difficulty performing ordinary tasks such as eating and dressing. Therapists help children to apply strength and mobility to these tasks. Services are provided on both an inpatient and outpatient basis. Additional services include muscle training and reeducation; endurance, coordination, fine motor training and balance training; prosthetic training; perceptual-motor skill training; and training in self care.

OPHTHALMOLOGY

PHONE: (302) 651-5040 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Service provides corrective eye surgery and medical treatment for children with eye problems and eye muscle disorders.

ORTHOPEDIC SURGERY

PHONE: (302) 651-5913 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Provides multidisciplinary treatment and correction of many orthopedic disorders including: clubfoot, and hip dislocation, scoliosis and spinal disorders, gait and leg length discrepancies, cerebral palsy, arthrogryposis, upper extremity problems, fractures and sports injuries. Cast Room and Brace, Orthotic and Prosthetic shops provide support.

ORTHOTICS

PHONE: (302) 651-4268

HOURS: Clinic by appointment

SUMMARY: Fabricates and repairs all forms of orthoses and/or casts on a daily basis through the cast room. Provides: Orthopedic jackets, splints, braces, custom-fitted orthopedic appliances, upper and lower extremity prosthetics.

OSTEOGENESIS IMPERFECTA PROGRAM

PHONE: (302) 651-6413 (info) or (302) 651-4200, (800) 416-4441 (appointments)

HOURS: Clinic by appointment

SUMMARY: Transdisciplinary care is provided for children with osteogenesis imperfecta or “brittle bone disease.” The program’s goals are to maximize the child’s function and to educate family members and community healthcare providers about the condition.

OTOLARYNGOLOGY

PHONE: (302) 651-5895 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Diagnosis, medical and surgical treatments are offered for children with problems of the ears, mouth, nose, throat, and sinus. Tonsillectomies, adenoidectomies, and myringotomies are routinely performed.

PATHOLOGY LABORATORIES

PHONE: (302) 651-5650

HOURS: Clinic by appointment

SUMMARY: Offers a wide array of routine and sophisticated diagnostic tests in blood banking, hematology, clinical chemistry, microbiology and histology. Laboratory service is available 24 hours a day.

PHYSICAL THERAPY

PHONE: (302) 651-4354 or (302) 651-6010

HOURS: Clinic by appointment

SUMMARY: Provides services for children whose impairments hinder their strength, mobility and physical abilities. Treatment is provided for children with physical disabilities from birth, illness or injuries, orthopedic, neuromuscular, sports-related and developmental problems.

PROSTHETIC SERVICES

PHONE: (302) 651-4268 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Provides specialized care for patients who wear or need artificial limbs.

PULMONARY MEDICINE

PHONE: (302) 651-6400 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Provides consultation, diagnosis and continuing care and therapy for children with a variety of acute and chronic lung and airway diseases including apnea, cystic fibrosis, asthma, bronchopulmonary dysplasia, recurrent pneumonia and chronic cough.

REHABILITATION

PHONE: (302) 651-5600 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Provides interdisciplinary inpatient & outpatient rehabilitation services to children with: brain injury, spinal cord injury, congenital and acquired neuromuscular disorders, musculoskeletal dysfunction, and respiratory rehabilitation, including ventilatory dependency.

RHEUMATOLOGY

PHONE: (302) 651-5970 or (800) 416-4441

HOURS: Clinic by appointment

SUMMARY: Comprehensive diagnosis and treatment for children with arthritis and related disorders including musculoskeletal pain, chronic limp, joint swelling, muscle symptoms and Lyme disease.

SPEECH-LANGUAGE PATHOLOGY

PHONE: (302) 651-4354

HOURS: Clinic by appointment

SUMMARY: Evaluations and therapy provided for children with a range of communication disorders.

SPINAL DYSFUNCTION PROGRAM

PHONE: (302) 651-5600

HOURS: Clinic by appointment

SUMMARY: Treats children with congenital or acquired spinal dysfunctions including: spina bifida, spinal cord tumors, or spinal cord injuries. Multidisciplinary team helps children attain highest level of well-being.

UROLOGY

PHONE: (302) 651-5980

HOURS: Clinic by appointment

SUMMARY: Treats children with congenital anomalies of the urinary tract, anomalies of the genital system, recurrent urinary infections, and urination dysfunction.

TDD: (302) 651-6794

FAX: (302) 651-6793

HOURS: 8:30 a.m. - 4:00 p.m.

SUMMARY: The Delaware Assistive Technology Initiative (DATI) connects Delawareans who have disabilities with the tools they need in order to learn, work, play and participate in community life safely and independently. The state's three Assistive Technology Resource Centers (ATRCs) are barrier-free, open to the public and contain examples of all types of AT. Highly-qualified Assistive Technology specialists are available to demonstrate equipment and help identify technology options for a give need. Most of the equipment is available for a two week loan period.

ELIGIBILITY: Services are available to all residents of Delaware, there are no other limitations. We address the needs of infants through older persons with all types of disabilities.

In collaboration with the Red Clay Consolidated School District operates the 3-year old program for identified children. Individual therapeutic treatment services for Occupational and Physical Therapy services are offered. Referrals are accepted from Kent and Sussex Counties, but service provisions for children are based at the Wilmington location.

THREE-YEAR-OLD PROGRAM FOR IDENTIFIED CHILDREN

PHONE: (302) 656-2684

HOURS: Office hours 8:15 a.m. – 5:00 p.m., Monday through Friday, according to the Red Clay School District Calendar

SUMMARY: Preschool operates morning sessions (9-11:30 a.m.) and afternoon sessions (1-3:30 p.m.). Programs and related services support Individualized Education Plans for children with developmental delays. Van transportation is provided. Typically developing children are included to provide opportunities for role modeling and play enhancement. Tuition costs for attending as a typical child can include van transportation if the child resides in Red Clay, and is based on the number of sessions the child attends.

ELIGIBILITY: Three-year old children residing in the Red Clay School District who are identified with a 25% developmental delay in one area or a 20% delay in two or more areas

SENSORIMOTOR PROGRAM

PHONE: (302) 656-2684

DELAWARE HEALTH AND SOCIAL SERVICES

DIVISION OF MANAGEMENT SERVICES
Birth to Three Early Intervention System
Herman M. Holloway, Sr. Campus
Room 203, Main Building
1901 N. DuPont Highway
New Castle, DE 19720

The Birth to Three Early Intervention System is an interagency effort, under the Division of Management Services, Delaware Health and Social Services, which administers Delaware's federal grant under the infants and toddlers section of the Individuals with Disabilities Education Improvement Act of 2004 (IDEA). This part of the federal law focuses on infants and toddlers from birth to three with disabilities or developmental delays.

BIRTH TO THREE OFFICE

PHONE: (302) 255-9134

HOURS: 8 a.m. to 4:30 p.m., Monday - Friday

SUMMARY: Oversees Interagency Coordinating Council. Produces and distributes "The Delaware Directory of Services for Young Children With Special Needs" and "The Growing Together Portfolio" which is provided in Delaware hospitals to all new parents. Provides funding and administrative support to Child Development Watch who ensure multidisciplinary assessments, service coordination, plan development, and service provision to infants and toddlers with disabilities or developmental delays. When a parent or professional believes that a young child might have a developmental delay or a disability, a referral should be made to Child Development Watch in New Castle county at 302-995-8617 or in Kent or Sussex counties at 1-800-752-9393 or 302-424-7300.

ELIGIBILITY: Infants and toddlers birth to 36 months who have a disability and/or developmental delay and their families; early intervention professionals, parents and community agencies and programs

DELAWARE HEALTH AND SOCIAL SERVICES

DIVISION OF DEVELOPMENTAL DISABILITIES SERVICES Woodbrook Professional Center 1056 South Governors Avenue, Suite 101 Dover, DE 19904 (302) 744- 9600

The Division of Developmental Disabilities Services provides a variety of early intervention, respite, rehabilitative, vocational, residential and support programs to children and adults with mental retardation. Further information is available by contacting the above office.

SUMMARY: The Division of Developmental Disabilities Services offers services as part of Child Development Watch to any child, birth to three and their family, who is at extremely high risk for mental retardation as outlined in the Memorandum of Understanding approved between Division of Developmental Disabilities (DDDS), Division of Management Services (DMS) and Division of Public Health (DPH). These services, provided by Developmental Nurse Specialists, include service coordination, neuro-developmental assessment, intervention for developmental and/or medical problems and facilitation of the role of parents as primary advocate and teacher for their child. The Developmental Nurse Specialists also serve as consultants to other service coordinators, physicians, and public or private agencies.

DDDS offers different types of respite experiences depending on the needs of the individuals and family requesting the service. Respite is a term used to identify a situation in which individuals with mental retardation are given a period of temporary relief or rest. They can experience a social/recreational experience in the community while their family is afforded a period of relief from the daily care responsibilities. The length of the respite is pre-determined according to the family's need and the availability of resources.

Respite mainly takes place in the private home of a DDDS screened and qualified provider. However, a provider may come to the family's home to care for the individual or the family may choose their own provider. Any infant, child or adult who is formally assessed to have mental retardation and who is a resident of Delaware is eligible for the program. Requests for services may be made through the Intake Coordinator or the regional respite coordinator of DDDS.

Under the Omnibus Budget Reconciliation Act of 1987 (OBRA), the Division of Developmental Disabilities Services will work with a family who is referring a child for long term care outside the home. DDDS is responsible for determining if the child is eligible for placement, could benefit from specialized services and is nursing home appropriate. DDDS would provide case management that advocates for services for the child's needs and coordinates the services the child receives. For children under three, the OBRA case manager and the Child Development Watch service coordinator work together to provide services.

**Townsend Building
P.O. Box 1402
Dover, DE 19903
(302) 739-4601**

The Department of Education administers the state public education system.

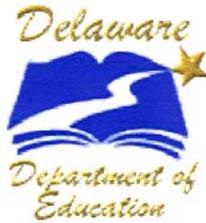

Every local school district provides special education for students who are eligible for such services under the Department of Education Administrative Manual. Some programs are listed below and on the following pages. Call your local school district for additional information particular to your area.

CHILD FIND

PHONE: (302) 739-4667 or Special Services office of Local School District
HOURS: 8 a.m. - 4:30 p.m., Monday – Friday
SUMMARY: Child Find is the program through which local school districts locate, evaluate and refer children for services. Any child (3-21) who may be eligible for special education should be referred to their local school district. Children from birth to age three can be referred for assessment to Child Development Watch.
ELIGIBILITY: Any child from birth through 21 who may be in need of early intervention or special education services
AREA: Statewide

EXCEPTIONAL CHILDREN AND EARLY CHILDHOOD GROUP

PHONE: (302) 739-4667
HOURS: 8 a.m. - 4:30 p.m., Monday – Friday
WEBSITE: www.doe.state.de.us/programs/specialed
SUMMARY: Provides information on educational services and vocational opportunities available in local school systems for children with special needs. Offers guidance in developing and locating services to meet educational needs of families of exceptional children.
AREA: Statewide

**DELAWARE DEPARTMENT OF EDUCATION
LOCAL SCHOOL DISTRICT - CHILD FIND**

SUMMARY: Children who are found eligible for special education are entitled to free, appropriate public education through their local school district. Specialized instruction and related services are offered in a continuum of settings through all school districts. Call the child find coordinator or supervisor of special education for more information about the local district.

DELAWARE DEPARTMENT OF EDUCATION EARLY CHILDHOOD ASSISTANCE PROGRAM (ECAP)

The Early Childhood Assistance Program (ECAP) provides, through State funds, a comprehensive early childhood program using the Head Start Standards for service, as a model for four year old children living in poverty. Federally-funded Head Start programs provide preschool education and support services for 3 and 4 year old children of low income families and other children with special needs who meet eligibility criteria. Federally-funded Early Head Start programs provide services to pregnant women and children, birth to three. The program is inclusive of early childhood education as well as health, nutrition, parent involvement, social services and transportation services. Most programs offer before and after-program early care service or partner with child care programs for full-day services. Center locations are available on the Department of Education website: www.doe.state.de.us/early_childhood

DELAWARE DEPARTMENT OF EDUCATION PARENTS AS TEACHERS (PAT)

The Parents as Teachers Program provides parent education services to parents with first born children. Beginning at birth up through thirty-six months, parents receive monthly home visits from a trained parent educator. The purpose of each visit is to provide information to parents about their children and strategies to further promote and facilitate children's development.

Services are available statewide, with programs operating in all three counties. The Program has worked towards making Parents as Teachers (PAT) services available to increasing numbers of children most at-risk of later learning challenges and their families. The emphasis of the Department is to provide families with the information and resources necessary to allow them to support their children. This support results in families acquiring the skills to become nurturers of their children's development.

For more information, on how to contact your local PAT program, please call the Department of Education, Early Childhood Office at (302) 739-4667.

Delaware State Housing Authority efficiently provides and assists others to provide quality, affordable housing opportunities and supportive services to responsible low- and moderate – income Delawareans.

DSHA administers the following programs:

HOMEOWNERSHIP ASSISTANCE

First-Time Homebuyer Program (Single Family Mortgage Revenue Bond Program) –

Provides below-market, fixed interest rate mortgages for low and moderate-income homebuyers throughout Delaware. Buyers must not have owned their principal residence within the past three years. Participating Delaware lenders take and process applications and service the loans. DSHA holds the mortgages.

Assisted Loan Program- Families who need help with down payment or closing costs can take advantage of an Assisted Loan. The assistance comes in the form of a grant equal to four percent of the mortgage amount. In exchange for this assistance, the borrower pays a slightly higher interest rate on the mortgage amount.

Second Mortgage Assistance Loan Program (SMAL) - This program provides loans up to \$5,000 at 6% interest for down payment and closing cost assistance to low-income homebuyers in Delaware. Buyers must have owned a home within the past year. Principal and accrued interest can be deferred until the home is sold, title is transferred, the property is no longer the borrower's primary residence, or when the first mortgage is paid off.

Delaware Housing Partnership – Provides loans up to \$10,000 at 6% interest for down payment and closing cost assistance to low-and moderate-income homebuyers in Delaware. Participating lenders provide loans for the purchase of affordable, newly constructed, homes throughout Delaware.

Public Housing Homeownership Program – Provide homeownership opportunities to qualified low-income families. Families rent DSHA-owned, single family homes for a maximum period of three years. While renting, families receive one-on-one homeownership, credit and budget counseling from a nonprofit agency and save money for the home purchase in a special escrow account.

Live Near Your Work Program (LNYW) – An employer driven partnership among Delaware businesses, state agencies, local jurisdictions and Fannie Mae to provide financial assistance for employees to purchase homes near the place of work.

RENTAL HOUSING ASSISTANCE

Public Housing Program – Provides safe, decent, affordable rental housing and access to supportive services to very low-income Delawareans in Kent and Sussex Counties. Public Housing is designed to be a stepping stone for responsible families seeking self-sufficiency. Resident families pay approximately 35% of their adjusted monthly income to rent a unit at one of DSHA's nine Public Housing sites.

Section 8 Housing Choice Vouchers Program - The Section 8 Vouchers Program provides rental subsidies to eligible, very low-income individuals and families to rent existing privately owned dwelling units in Kent and Sussex Counties. The Section 8 Housing Choice Voucher Program is designed to be a stepping stone for responsible families seeking self-sufficiency. Resident families pay approximately 35% of their adjusted monthly income for rent and utilities. Rental units must meet federal housing quality standards.

Moving To Work Demonstration Program – Provides housing assistance for five years. Participants sign a Contract of Mutual Participation, which outlines a plan to assist them in becoming more financially independent. DSHA also provides case management for participants.

Section 8 New Construction Program - The Section 8 New Construction Program provides rental subsidies to low-income individuals and families renting at any of the program's 2,700 apartments among 30 sites existing statewide. DSHA provides managerial and financial oversight to these complexes.

Low Income Housing Tax Credit Program - Rental housing sites built throughout the state under this program are privately-owned and have rents that are affordable to working, low-income families.

HOUSING REHABILITATION ASSISTANCE

Housing Rehabilitation Loan Program - This program offers a 3% percent interest rate loan to low-income Delawareans for the purpose of rehabilitating their properties to bring them up to housing code standards or to make properties accessible to persons with disabilities. Landlords renting to low- to moderate-income tenants may also qualify.

Community Development Block Grant Program – Provides annual allocations to communities in Kent and Sussex Counties to help finance a variety of activities designed to improve housing conditions and public infrastructure in support of housing development for low- and moderate-income families.

OTHER AFFORDABLE HOUSING PROVIDERS

Housing Development Fund - This DSHA-administered revolving loan fund is the primary resource for supporting the development of affordable housing initiatives, sites, and programs statewide. Both non-profit and for-profit developers may apply to the fund.

Low Income Housing Tax Credit Program - This program provides direct federal income tax credit to developers who build, acquire, or rehabilitate rental housing for working low-income families. The national program requires that the units be reserved for affordability and occupancy by low-income families for a specified length of time.

HOME Investment Partnership Program - Both non-profit and for-profit developers, in addition to other housing agencies, may apply for HOME financial assistance through DSHA for the acquisition, demolition, new construction, re-construction, conversion, or rehabilitation of single- or multi-family affordable housing or transitional/group housing.

Delaware Housing Partnership - The Partnership is committed to stimulating the development of new communities throughout the state in which low- to moderate-income families can afford the purchase price of homes. Developers may respond to requests for proposals for constructing properties at which Delaware Housing Partnership loans can be made available to buyers.

Multi-family Mortgage Revenue Bonds – Provides permanent financing for affordable multifamily rental housing.

Housing Capacity Building Program - The program offers housing information, training, technical assistance, and financial assistance to Delaware non-profit organizations, local governments, local housing authorities, and appropriate private businesses that need assistance in developing affordable housing for low-and moderate-income Delawareans.

Family Voices is a national grassroots network of families and friends speaking on behalf of children with special health care needs.

DELAWARE FAMILY VOICES

We help ensure a voice for children with special health care needs in an ever changing health care system by gathering and providing information about issues affecting children with special health care needs. We also advocate at the state level for the rights of these children; participate in meetings regarding Medicaid managed care issues as they relate to service delivery, quality and appropriateness; and encourage parent and community participation. Family Voices is actively participating in the implementation of the Medical Home Program with our Delaware partners. We are available to provide family support for families who have a child with a special healthcare need.

PARENTS AS TEACHERS

The Parents as Teachers Program (PAT) offers various services to first time parents of children beginning at birth and continuing up to 3 years of age. PAT gives children the best possible start in life, laying the foundation for later school success. Information is provided to parents on child development and activities that build language, thinking, social and motor skills. These services, as well as developmental screenings, are provided by certified parent educators through personal monthly visits, group meetings, and play and stay centers.

Website: www.pcadelaware.org

PCAD offers safety programs providing group learning for children and youth, their parents and those who work with them on personal safety and abuse prevention. Special training for adults (i.e. foster parents, daycare providers, teachers) is offered on abuse and neglect issues. School-based therapeutic services are available for children who have experienced abuse or neglect. Group support for children from substance abusing homes is also available.

SECTION III

Financial Assistance Information

FINANCIAL ASSISTANCE

Financing the cost of caring for children with special needs can be challenging. There are often resources to assist you but they can be difficult to locate. Although your primary agency worker may be familiar with some of the available resources, he or she may not be aware of all options. In most cases, you will be your child's best advocate in finding funding resources.

It is often possible to receive financial support from several state agencies at the same time, or from both private and state agencies. In addition, because you receive one source of funding, you should not feel limited in trying to obtain money for additional services. Eligibility varies from agency to agency and may change from year to year, so do not give up. Talk to other families of children with disabilities about funding sources and share information.

Adoption/Foster Care and Adoption

Because it is expensive to care for a child with special medical needs, additional funds may be available for a family choosing to adopt or care for child with disabilities. Supports in adoption for special needs children may be available in the Adoption Assistance/Subsidy Program administered by Division of Family Services, Dept. of Services for Children, Youth and their Families. Call the Adoption Coordinator at 633-2655 with any questions.

Architectural Accessibility/Housing

An excellent resource for funding housing adaptations may be the county or city in which you reside. The State Housing Authority offers special loan programs to both rental and owner-occupied homes. Also, other low interest or deferred loans are available through Community Development Block Grants. Please note that eligibility requirements vary with each program. The following contacts may assist you and answer your questions:

New Castle County at 576-3000

Kent County at 736-2014

City of Dover at 736-7010

Sussex County at 855-7777

Funds are available for families needing to change their homes to enable them to care for and encourage the independence of medically involved children. Housing adaptations can be very expensive, so you may need assistance from several agencies at once. For information and referral, call the Architectural Accessibility Board at 739-5644.

Civic organizations sometimes provide assistance to children with special needs by providing funds for apartment rentals, housing adaptations and so on. Since funding is given on a case-by-case basis, contact your local chapter about your child's specific needs. You will find the following organizations listed under "Clubs" in the Yellow Pages of your telephone book:

American Legion	Masons
Elks	Old Fellows
Knights of Columbus	Rotary
Kiwanis	Shriners
Lions	

Child Care Program Subsidies

This subsidized child care program serves ABC (A Better Chance) and other low income families, offering financial subsidies for infants through 12 years, including children with special needs. The child must be in child care because the parent is employed, in school, or in training for employment. To find out more information regarding eligibility and availability contact the Division of Social Services, listed in this directory.

Equipment/Assistive Technology

Each medical insurance carrier has its own policy regarding equipment coverage. Always explore your needs with your health insurance provider. If coverage is not available, or if you need a short-term loan while waiting for delivery of your own equipment, you may need to contact another resource.

If a child is a patient of DuPont Hospital for Children, the hospital will help obtain pediatric equipment. If you have general questions, call United Cerebral Palsy of Delaware, Inc. at 764-2400 (New Castle County) or 335-5626 (Dover) or the Delaware Assistive Technology Initiative (651-6790).

For a child who is eligible for Medicaid, medical equipment, such as wheelchairs, hearing aids, should be covered. A prescription is required and medical equipment must be approved through a home health agency, hospital or rehabilitation clinic. These agencies must also be Medicaid approved. Check with the home health agency directly.

Also, your child's school may be able to purchase equipment if an educational justification can be made. Contact your child's principal. The Department of Education funds Learning Resource System Centers for Technology, which allows you to preview communication devices and early childhood learning computer programs which could enhance your child's ability to communicate and to learn. For more information check this directory.

The Delaware Assistive Technology Initiative also has Technology Resource Centers which are located at Easter Seal ATRC in New Castle (call 328-2872 (voice) or 328-2905 (TDD)), at Easter Seal Society of Del.-Mar at Kent County Orthopedic School in Dover (call 739-6885 (voice) or 739-6886 (TDD)), and at Easter Seal Society of Del-Mar in Georgetown (856-7946 (voice) or 856-6714 (TDD)).

A local chapter of any civic organization such as Elks, Kiwanis, Lions, Knights of Columbus, Rotary and Shriners Clubs (as well as others listed above under Architectural Accessibility/Housing) sometimes provide funds for specific equipment needs for a child in their local area.

Home Health Care

Funding for medically necessary services provided by nurses, aides, and specialty therapists, may be covered by a family's insurance carrier, Medicaid, or by the Division of Public Health. When the need arises for additional home health care, alternative funding and information may be obtained from local hospitals, Division of Public Health or home health agencies.

Home health care may be referred to as "respite" as it refers to assistance a family needs in caring for a child with special needs. The variation in names is based on the definitions used by the funding source, the level of care required by the child, and whether the parent is to be assisted or totally relieved of responsibility for a short period of time. For listings of home health care agencies and respite providers, review this directory or call United Cerebral Palsy of Delaware, or Visiting Nurse Association of Delaware.

Medical Needs

Ideally, your child's medical needs and services are met through your private insurance agency. For your child with special needs to be covered as completely as possible, you must be aware of specific issues guiding coverage. For example, you should pay special attention to pre-existing medical condition clauses which may state that if your child's medical condition developed prior to obtaining present insurance, you may be denied certain coverage. Your insurance may also have specific coverage limits. Check for lifetime or annual limits per child as well as limits per illness or individual procedure. You may also want to inquire about eligibility for "prolonged illness coverage" or an individual "rider" to gain additional or extended benefits.

Medicaid Managed Care

Medicaid/Medicaid Managed Care is a federal/state public assistance program that will pay covered medical bills for ABC and Supplemental Security Income (SSI) recipients, adults with gross income at or below poverty, as well as certain other groups of low-income people who meet eligibility criteria. There is also a program known as the Medicaid Alternatives to Children's Institutionalization (MACI) which does not include the parents' income or assets in determining eligibility. Specific other criteria related to the child's disability must be met along with other conditions.

The State Medicaid program, which is administered by the Division of Social Services, has several different eligibility categories. The most commonly used Medicaid categories or those of particular importance for parents of children with special needs are:

- (1) for those children receiving cash assistance under “A Better Chance” (ABC), and the General Assistance Program;
- (2) for children receiving Social Security Supplemental Security Income (SSI) Disability Program;
- (3) for children with disabilities under the Medicaid Alternatives to Children’s Institutionalization (MACI) which takes into account the child’s income, only where a child’s income and resources do not exceed 210% of the SSI standard, and whose condition is such that medical institutionalization would be required if the caretaker relative were unable or unwilling to continue care;
- (4) for children in subsidized adoption;
- (5) foster children in custody of the Department of Services for Children, Youth and Their Families;
- (6) for infants under 1 and children ages 1 to 8 whose family income is below a certain % of the federal poverty guidelines;
- (7) adults whose gross income is at or below the federal poverty level.

For more information, contact the Delaware Division of Social Services Medicaid offices listed in this directory.

When your child needs hospital care, which you cannot afford, you may be able to receive reduced cost or free hospital care. The Delaware Division of Public Health administers a special fund to provide needed evaluation and treatment services for medically needy children whose families have inadequate third party coverage and who are ineligible for Medicaid. Contact the Division of Public Health, in Dover.

Travel and Transportation - DART First State Paratransit Service

The paratransit service provides transportation for ADA certified customers.

Reservations are required at least one day in advance. The service operates statewide on weekdays with limited Saturday service in New Castle County. This service is available for children with disabilities. A parent or aide must accompany a child under 5 years old, and must bring a securable car seat.

To obtain an eligibility application, contact DART First State Customer Relations at 1-800-335-8080. To make a reservation, contact DART First State Reservation Center at 1-800-553-3278 or TYY 1-800-252-1600.

Various human services agencies contract with DART First State for transportation. You must ask the human service agency if they offer this option.

Medicaid – Transportation to medical appointments may be covered by Medicaid under the auspices of the Division of Social Services. Medicaid authorizes transportation, and arrangements have to be made 24 hours in advance through Division of Social Services.

Some other agencies may have their own specialized transportation, so ask the agency directly.

Various human services agencies contract with DAST for transportation. You must ask the agency if they offer this service.

Medicaid - Transportation to medical appointments may be covered by Medicaid under the auspices of the Division of Social Services. Medicaid authorizes transportation and arrangements have to be made 24 hours in advance.

Some other agencies may have their own specialized transportation, so ask the agency directly.

Other Federal Funding Sources

Internal Revenue Service (IRS)

Tax credits and other sources of funding are available from government agencies. Contact your local IRS Office for information when filing your income taxes. Ask for IRS Publication #17 to check for deductions, which exceed 7 1/2% of adjusted gross income in the following areas:

1. Child and Dependent Care Credit. This credit reduces tax liability.
2. Credit for Permanently and Totally Disabled
3. Medical Expense Itemized Deductions. Ask for IRS Publications #502 to check for information. These may include such deductions as:
 - a. Fees for medical services
 - b. Fees for hospital services
 - c. Meals and lodging provided by hospital during treatment
 - d. Medical and hospital insurance premiums
 - e. Special equipment, such as a motorized wheelchair
 - f. Special items such as hearing aids, crutches, etc.
 - g. Transportation for needed medical care
 - h. Medicines that require a prescription

For further information or assistance, call IRS at 1-800-829-1040.

Social Security Administration/Supplemental Security Income (SSI)

Supplemental Security Income (SSI) is a federal income benefits program administered by the Social Security Administration. Families with a limited income whose child is disabled, blind, or seriously ill may be eligible. SSI provides monthly cash benefits and makes one eligible for Medicaid. For information call: 1-800-772-1213

When a child turns 18, he/she may apply independently for income and Medicaid coverage. His/her eligibility will then be determined without regard to the parents' income even though the child remains at home.

Parent information Center of Delaware (PIC) provides information about services available for children with developmental delays and disabilities. They have staff to identify community services, help solve problems and offer emotional support.

POISON INFORMATION CENTER

1-800-222-1222

This hotline is available 24-hours a day. Health care professionals will recommend what you should do or tell you where can go to get help. Be ready to supply the **age** and **weight** of the child, the **time** the poison was taken, and the **name** of the product or medicine. Have the product at the phone with you when you call.

CHILD ABUSE & NEGLECT REPORT LINE STATEWIDE

1-800-292-9582

Call this number to report suspected physical or mental abuse or neglect. You will receive resource and referral information. If the suspected abuse or neglect is severe, the Division of Family Services will investigate.

RUNAWAY HOTLINE FOR CHILDREN

In Delaware

1-302-654-0808

24-Hour National Hotline

1-800-RUNAWAY (786-2929)

If you think your child is missing call the hotline number. You will be asked questions that may help you to locate your child. Missing children can also use the National Hotline number to let you know they are safe.

HIV/AIDS HOTLINE

1-800-422-0429

Information and referral services for people who are HIV positive and their families. Hotline operates from 9 a.m. to 9 p.m.

NATIONAL SUBSTANCE ABUSE HOTLINE

**1-800-662-HELP
(4357)**

www.drughelp.org

A national substance abuse information and referral service, handling drug abuse calls for **all drugs**. Callers will receive information and referral phone numbers for treatment centers, support groups, and crisis centers nationwide.
