

# Delaware Department of Insurance Office of Value-Based Healthcare Delivery (OVBHCD) Update

Primary Care Reform Collaborative (PCRC)  
June 15, 2020 meeting

Mary Jo Condon, MPPA  
Senior Consultant

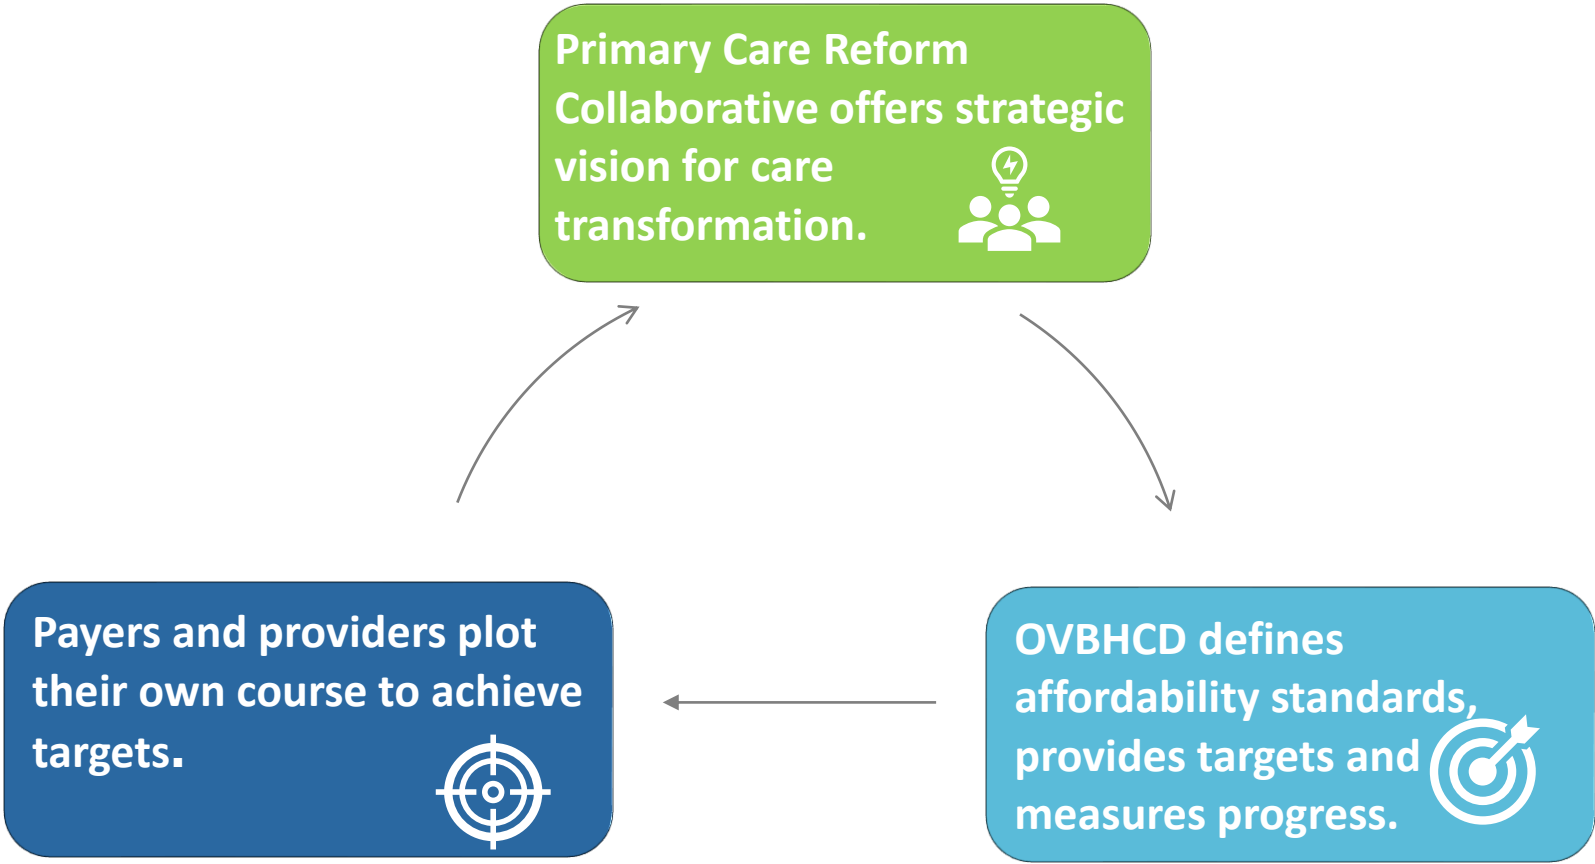

Trinidad Navarro, Comm. &  
Leslie W. Ledogar, Esq.

# Recap of June Update

- ▶ The OVBHCD proposed a division of responsibility of the Office, PCRC, and payers and providers in affordability work
- ▶ The Office outlined work to date focused on development of affordability standards overviews and approaches to measurement and implementation
- ▶ The Office worked with the Health Care Commission to align the primary care definition in benchmark reporting and with the DHIN on data sharing

# Division of Responsibility

# June-July Accomplishments

- ▶ Met with state agencies, payers, and providers to gain input on provisional affordability standards
- ▶ Scheduled additional provider and ACO meetings based on the PCRC's suggestion
- ▶ Developed supplemental data collection templates on provisional affordability standards
- ▶ Planned for data collection on to provide guidance on provisional affordability standard targets
- ▶ Convened the PCRC Technical Subcommittee, discussed its role, provisional affordability standards, and provided an overview of meeting topics through Fall 2020

# Technical Subcommittee Work Ahead

- Review primary care spend analysis, definitions, and provide input on target (August)
- Analyze ACO and health system APM landscape, discuss trade-offs and provide input on implementing an APM target (September)
- Review cost trends analysis (September)
- Provide input on affordability standards' targets (October)
