National Core Indicators Survey

The Delaware Division of Development Disabilities Services (DDDS) is conducting a survey with individuals with intellectual and/or developmental disabilities to learn about their quality of life.

We hope you will participate and share your experiences. Your feedback is highly valued and will help us improve services and supports for individuals in Delaware.

WHAT TOPICS WILL BE ADDRESSED?

- Your health
- Where you live
- Your safety
- The things you do in your community
- Your transportation
- People paid to help you
- Your supports and services

Your answers are confidential.

The survey takes 30 to 45 minutes to complete.

Interviews held between February 2022 and May 2022.

What To Expect

1. Get a Phone Call
Vital Research, an independent research organization contracted with DDDS, will conduct the survey.

An interviewer will call you to schedule a survey at a time and date of your choice.
During the scheduling call, the interviewer will ask your preference for completing the interview. **You may choose to complete the interview in-person, remotely via Zoom video conferencing, or over the phone.**

2. During the Interview
During the interview, share your opinions, feedback, and your experiences about the services you receive.
Your survey answers will not change the services you receive now or may receive in the future.

Guardians
If you have a guardian, **you will need their consent** to participate in the National Core Indicators survey.

If you are randomly selected to participate, Vital Research will contact your guardian and ask for their consent.

Questions for DDDS
If you have questions for DDDS about this survey or the National Core Indicators project, please contact by phone or email:
