Committee updates (1/2)

Committee	Update	Path forward
Clinical	- Development of practice transformation RFP in progress - Practices identified for Scorecard testing - Practice transformation milestones sub-committee launched	- Finalize Scorecard measures - Finalize draft of practice transformation RFP - Prepare for Common Scorecard testing
Healthy Neighbor-hoods	- Met with Delaware Grantmakers Association on 3/31 - Aligned on use of America's Health Rankings as basis for initial Population Health Scorecard	- Align on use of Household Health Survey - Define approach for aligning on health priorities
Patient and Consumer	- Provided feedback on DCHI outreach materials - Received briefing on patient engagement tools	Provide consumer input on Healthy Neighborhoods program design, state health information technology strategy

Committee updates (2/2)

Committee	Update	Path forward
Workforce	▪ Reviewed approach to care coordination and implications for workforce development ▪ Discussed available data on workforce capacity ▪ Continued subcommittee work	▪ HCC to release Consortium RFP ▪ Continue work on subcommittees
Payment	▪ Aligned on recommendations for minimum panel size for TCC models, method of aggregation; practice transformation	▪ Discuss design decisions related to care coordination and quality requirements
TAG	▪ Payers in process of creating test data for Common Scorecard	▪ Continue to engage payers on technical coding of metrics

Common Scorecard: Mockup

As a reminder, the Common Scorecard will…

- Be a single source for quality, utilization, cost, and patient experience metrics – across payers

- Show data across the whole patient panel

- Link incentive payments to one set of metrics

NOTE: All data is illustrative

Common Scorecard: Key steps

Finalize measure definitions
Q1-Q2, 2015

Testing and feedback
Q2- Q4, 2015

All PCP practices can receive reports
Q1, 2016

The Delaware Center for Health Innovation Board, the Clinical Committee, and the Technical Advisory Group are leading development and testing of the Common Scorecard
