Delaware's State Innovation Model (SIM) Update

July 2, 2015

Topics for discussion

Overall update

Next DCHI Board meeting

Cross-Committee meeting

Recent progress

- Finalized approach to support **primary care practice transformation**
 - DCHI adopted a Consensus Paper on the overall approach
 - HCC released an RFP for expert support for primary care practices
- Identified elements of **total cost of care payment model** to standardize
- Approved initial version of the **Common Scorecard** for testing
 - Progress continues towards publishing test files in July
 - 21 practices from across the State enrolled to test
- Defined structure for the **Health Professionals Consortium**; RFP to be released in coming weeks
- Developed initial draft of consensus paper on **workforce learning and education curriculum**
- Made strong progress on **workforce capacity planning and credentialing**
- Finalized the **population health scorecard**
- Identified **areas of focus for Healthy Neighborhoods**

Near-term priorities

- Continuing design of **value-based payment models**
- **Defining care coordination and approach to supporting it across primary care**
- **Developing a strategy for Behavioral Health Integration**
- Seeking feedback on initial version of **Common Scorecard**
- **Finalizing Healthy Neighborhoods** structure and sustainable funding model
