

State Health Care Landscape & Delivery System Reform: In January 2015, HHS announced clear goals for moving from volume to value in Medicare. States are required to have 85 percent of all Medicare fee-for-service payments in value-based purchasing by 2016 and 90 percent by 2018. In this context, States are required to:

Metric Area	Metric Title	Metric Type Percentage or Count	Metric Status	Metric Retirement Date MM/DD/YY (if applicable)
Landscape Beneficiaries	Population impacted by value-based purchasing and alternative payment models	Percentage	Active	
Landscape Providers	TBD by Awardee in Consultation with PO	Percentage	Active	

Medicare payments by tying 30 percent of Medicare fee-for-service payments to alternative payment models by 2016 and 50 percent by 2018. Overall, are encouraged to develop similar goals, as well as identify and track metrics intended to capture data on providers and beneficiaries impacted by APN

Metric Definition/Description	Numerator Definition	Denominator Definition	Notes	Reporting Frequency
The total number of beneficiaries (individuals) receiving care through <u>any value-based purchasing and alternative payment models.</u>	Total number of beneficiaries (individuals) receiving care through <u>any value-based purchasing and alternative payment model.</u>	Total state population	This will be very difficult to track. Propose to annually survey major payors for numerators and demoninators - described in further detail in the narrative	Annual
The total number of providers participating in <u>any value-based purchasing and alternative payment models.</u>	Total number of providers participating in <u>any value-based purchasing and alternative payment model.</u>	Total number of providers in the state	This will be very difficult to track. Propose to annually survey major payors for numerators and demoninators - described in further detail in the narrative	Annual
