Primary Care Reform Collaborative (PCRC)

Dr. Nancy Fan  
DHCC Chair and PCRC Chair

ChooseHealth  
DELAWARE

# MARCH 2022 PCRC MEETING

- The PCRC welcomed two new Collaborative members:
  - Representative Melissa Minor-Brow, Chair of the House Health & Human Development Committee
  - Theodore Mermigos, Interim Director for the Division of Medicaid & Medical Assistance (DMMA)
- Discussed the utilization of telehealth to expand primary care access across the State.
- The Office of Value-Based Health Care Delivery (OVBHCD) provided an update on 2023 commercial affordability standards, including the challenges they have faced and their current concerns. Major concerns included:
  - Fully-Insured portion of the population being too small to drive change alone (10% of total population).
  - Self-insured individuals may lack access to “aligned value-based” care.
  - Separate hospital/physician fees for self and fully insured populations are under consideration, which could result in a bifurcated market.
