DELAWARE

PRIMARY CARE REFORM COLLABORATIVE (PCRC) UPDATE

PCRC Workgroups:

- In the fall of 2024, PCRC convened three workgroups: Value-Based Care Model, Quality Metrics, and Practice Model
- Each workgroup has a chair and public/private members
- Health Management Associates (HMA) provides Subject Matter Expertise and project support for PCRC workgroups

PRIMARY CARE REFORM COLLABORATIVE (PCRC) UPDATE

Value-Based Care (VBC) Model Workgroup

- Chair, Cristine Vogel (Department of Insurance Office of Value-Based Health Care Delivery)
- Goals:
 - Focus on increasing multipayer participation and alignment in VBC initiatives.
 - Ensure buy-in for primary care spending and importance of practice transformation
 - Strategies to align attribution and payment models across different payors
 - Work on policies which promote primary care investment and maintain or reduce overall health care costs.

PRIMARY CARE REFORM COLLABORATIVE (PCRC) UPDATE

Quality Metrics Workgroup

- Chair, Cari Miller (Lab Corps)
- Goal:
 - Promote and advocate for quality measures aligned across payers based on the highest cost of care drivers.

PRIMARY CARE REFORM COLLABORATIVE (PCRC) UPDATE

Practice Model Workgroup

- Chair, Dr. Nancy Fan
- Goals:
 - Decrease administrative burden and cost.
 - Billing transparency from both payors to practices and from health care systems as employers for the work of their employed practices.
 - Educate practices regarding practice transformation and success in VBC.
 - Ideas to incentivize all practices to participate in VBC.

PRIMARY CARE REFORM COLLABORATIVE (PCRC) UPDATE

- Inter-Workgroup Meeting scheduled for Wednesday, January 29, 2025
 - Purpose: Ensure alignment between the work groups and avoid redundancy in work.
 - Report out from each workgroup:
 - Report out of recommendations
 - Future direction of work
 - Frequency of inter-workgroup meetings
- Next PCRC Meeting scheduled for March 3, 2025
