**The State Report incorporates by reference and also cites the findings specified in the Federal Report.**

An unannounced COVID-19 Focused Infection Control Survey and Complaint Survey was conducted by the State of Delaware Division of Health Care Quality, Office of Long Term Care Residents Protection from February 5, 2021 through February 11, 2021. The deficiencies contained in this report are based on interviews, review of clinical records and other documentation as indicated. The facility census the first day of the survey was 81. The survey sample totaled eight (8) residents including three (3) closed records.

Any deficiency statement ending with an asterisk (\*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
