An unannounced complaint survey was conducted at this facility starting July 8, 2020 and ending on July 10, 2020. As a result of observations, record review and interviews no deficiencies were identified. The facility census on the entrance day of the survey was 37 residents. The investigative sample totaled four (4).

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
