

SKILLED HOME HEALTH NURSING WORKGROUP

QUARTERLY REPORT

JANUARY 9, 2024

QUARTER 4 ACTIVITIES

- The SHHN Medicaid group did not meet in October to allow for planning and development time within DMMA.
- Received a presentation from Bayada regarding how to develop nurse education programs within PDN agency and how to build relationships with nursing schools.
- Completed initial planning meeting regarding development of a PSA to highlight PDN workforce serving CMC families.

KEY ISSUES TO NOTE

- Follow up needed with PDN agencies regarding next steps to build relationships with nursing schools.
- DMMA has initiated planning for PSA development with vendor.
- Two subcommittees (Medicaid and Community Partners) have been consolidated into one SHHN workgroup.

UPCOMING ACTIVITIES

- Follow up with PDN agencies regarding next steps for nurse education efforts.
- Continue developing PSA for promoting PDN jobs with CMC families.
- Upcoming meetings:
 - February 6, 2024, from 1pm-2:30pm
 - March 5, 2024, from 1pm-2:30pm

2023 Q1

- Proposed priorities related to PDN workforce capacity.
- Reviewed options for using Complex Care Needs and Supports methodology through Medicaid.

2023 Q2

- Finalize and implement work plans.
- Presented initial draft of Complex Care Needs and Supports methodology.
- Initiate Community Partner and Medicaid group structure.
- Align Community Partner meetings with PDN workforce report.

2023 Q3

- Implement work plan.
- Finalized Complex Care Needs and Supports methodology recommendation to CMCAC and DMMA.
- Administered Nurse Educator survey and reviewed results.
- Discussed development of PSA for promoting PDN for CMC.

2023 Q4

- Implement work plan.
- Develop training for PDN agencies interested in strengthening nurse educator opportunities including how to build relationships with nursing schools.
- Finalize PSA development plan.
