### Separate Child Health Insurance Program

#### Non-Financial Eligibility - Substitution of Coverage

Section 2102(b)(3)(C) of the SSA and 42 CFR 457.340(d)(3), 457.350(i), and 457.805

---

#### Substitution of Coverage

The CHIP Agency provides assurance that it has methods and policies in place to prevent the substitution of group health coverage or other commercial health insurance with public funded coverage. These policies include:

- **Substitution of coverage prevention strategy:**
  - Add Name of policy: Crowd-out Prevention
    - Description: The joint Medicaid/Delaware Healthy Children Program (CHIP) application, asks the applicant to report any health insurance coverage. If the family report any creditable coverage (most group health plans and health insurance coverage), the child will be found ineligible. There is no waiting period for children. To be eligible, a child must not be insured by a comparable group health plan. To determine the percent of enrollees who dropped group health insurance without good cause in order to gain eligibility for DHCP, the Division of Medicaid and Medical Assistance will generate annual reports to compare the number of individuals under age 19 that were denied due to another insurance, reapplied and were approved for DHCP who no longer report other insurance within a six (6) month time frame. If substitution exceeds ten (10) percent, the department will collaborate with CMS to identify a strategy to reduce substitution.

- A waiting period during which an individual is ineligible due to having dropped group health coverage. **No**

If the state elects to offer dental only supplemental coverage, the following assurances apply:

- The other coverage exclusion does not apply to children who are otherwise eligible for dental only supplemental coverage as provided in section 2110(b)(5) of the SSA.

- The waiting period does not apply to children eligible for dental only supplemental coverage.
