Delegation Agreement Number 1
Delaware Department of Health and Social Services

October 23, 2015
(replaces June 29, 2015)

Divisions of the Delaware Department of Health & Social Services

This document incorporates delegation agreements between the Secretary of Delaware Department of Health and Social Services and the Division Director. The issues to be delegated appear in the following order:

- Approvals of out-of-state travel requests
- Approvals of Federal funding documents
- Approvals of certain contracts

1. The approvals of out-of-state travel requests.

Purpose

Pursuant to Delaware Code, Title 29; Section 7903, and the purpose of the following 3 Agreements is to delegate responsibility from the Secretary, Delaware Department of Health and Social Services to the Division Director. The purpose of the first Delegation Agreement is as follows:

The approval of routine out-of-state travel, in order to: take advantage of lower rates with early reservations; reduce time involved in processing travel requests; assure cost effective travel; place responsibility and accountability at the lowest appropriate level.

Scope

This Agreement transfers responsibility for acting on Division travel requests with the following exceptions:

- Any travel outside the United States;
- Any travel by the Division Director.

Assurances

The Division Director agrees:

1. To accept full responsibility and accountability for assuring that the Division will comply with all laws, regulations, and ethical standards in authorizing travel.

2. To assure that any travel, authorized directly or recommended to the Secretary, Delaware Department of Health and Social Services, under the exemptions, will not exceed the funding allocated to travel in the Division's budget.

3. To assure that the number of employee's traveling does not adversely affect the day to day operations of the Division.
4. To assure that the approval of all staff travel requests adhere to the Statewide Travel Policy.

5. To bring to the attention of the Secretary, Delaware Department of Health and Social Services, any policy issues relevant to delegated authority.

2. The approval of Federal funding documents.

Purpose

Pursuant to Delaware Code, Title 29, Section 7903, the purpose of this Agreement is to delegate responsibility for approval of Division Federal funding documents from the Secretary, Delaware Department of Health and Social Services to the Division Director.

Scope

This Agreement transfers responsibility for acting on all Federal Grant applications, State Plans, Sub-Grants and related documents, including Federal Aid Master (FM) and Single Point of Contact (SPOC) forms, with the following exceptions.

Grant Applications to support new programs, unless previously reviewed with the Secretary, DHSS. Continuation grants, which involve major changes in program directions or funding levels, unless previously reviewed with the Secretary, DHSS. Grant applications requiring a legislative public hearing and/or the Governor's signature, unless previously reviewed with the Secretary, DHSS.

Assurances

The Division Director agrees:

1. To take full responsibility for ensuring that all documents comply with the provisions of the Delaware law and relevant Federal regulation, as well as the provisions of the State Budget Act, as legislated year to year.

2. Ensure that all documents adhere to the review process and schedules established by the Delaware State Clearinghouse Committee and State Budget Office.

3. Provide the Secretary, DHSS, with timely notification of any policy issues relevant to the delegating authority.

4. Ensure that any disputes arising out of the process will be referred to the Secretary, DHSS for resolution.

5. Provide copies of all application materials and related documents to the Division of Management Services.
3. The signing of certain contracts.

Purpose

Pursuant to Delaware Code, Title 29, Section 7903, the purpose of this Agreement is to delegate responsibility for signing of certain contracts from the Secretary, Delaware Department of Health and Social Services to the Division Director.

Scope

This Agreement transfers responsibility for signing contracts and contract amendments where the total amended contract value does not exceed $500,000.

The following contractual arrangements are excluded from this Agreement:

Professional service contracts for management consulting regardless of amounts. A management consultant contract pertains primarily to studies, which are conducted for the purpose of reviewing aspects of an agency's operation.

- Contracts which are for duration of more than two years.
- Contractual arrangements with providers that replace contracts that were discontinued due to unsatisfactory performance or cost considerations.
- Contracts with existing State employees and with former State employees who have left State service within two (2) years previous to the signing of the contract.
- Contracts with individuals who are expected to perform a full-time, ongoing task similar to that of a Full-Time Equivalency (FTE).
- Contracts and Memoranda of Understanding with other State agencies outside of the Department of Health and Social Services.
- Contracts that deviate from approved boilerplate language, as illustrated in the attached sample contract.

The above-mentioned situations would still require submittal for the Secretary's signature utilizing the current contract review procedure.

In addition, approval must still be obtained by Information Resource Management for lease or purchase of all data processing, word processing and information systems hardware and software, as well as the related maintenance and consulting service.

Construction-related contracts, including those pertaining to professional services provided in construction projects, i.e., architects, engineers, etc. would continue to follow the procedures currently in place for agreements of that type.

Assurances

The Director agrees to:

1. Take full responsibility for ensuring that all contracts comply with the provisions of Delaware laws and relevant Federal regulations, the provisions of the State Budget Act, as well as the requirements of the Department of Health and Social Services Contract Procedure Manual.
2. Assign responsibility for managing the contract functions within the Division and notify the Division of Management Services of that assignment. Ensure that the manager has read this agreement and the Contracts Procedures Manual, and that this responsibility is reflected in that employee’s Performance Plan Agreement.

3. Maintain contract records and perform the necessary data entry into the system established by the Division of Management Services.

4. Ensure that the Division's Deputy Attorney General is consulted when appropriate.

5. Provide the specific reasons, related to exclusions on the previous page of this document, for submitting contracts to the Secretary, through DMS, for signature.

6. Provide the Secretary, DHSS, timely notification of any significant change which affects these contracts, and of any problems that arise in provider relations or the provision of services.

LIST of CERTIFICATIONS

1. CERTIFICATION REGARDING LOBBYING

Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions," generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING $100,000 in total costs (45 CFR Part 93). By signing and submitting this application, the applicant is providing certification set out in Appendix A to 45 CFR Part 93.

2. CERTIFICATION REGARDING PROGRAM FRAUD CIVIL REMEDIES ACT (PFCRA)

The undersigned (authorized official signing for the applicant organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Department of Health and Human Services terms and conditions of award if a grant is awarded as a result of this application.

3. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children’s services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children’s services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

The authorized official signing for the applicant organization certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The applicant organization agrees that it will require that the language of this certification be included in any sub-awards which contain provisions for children’s services and that all sub-recipients shall certify accordingly.

The Department of Health and Human Services strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the DHHS mission to protect and advance the physical and mental health of the American people.

I hereby certify that the state or territory will comply with Title XIX, Part B, Subpart II and Subpart III of the Public Health Service (PHS) Act, as amended, and summarized above, except for those sections in the PHS Act that do not apply or for which a waiver has been granted or may be granted by the Secretary for the period covered by this agreement.

I also certify that the state or territory will comply with the Assurances Non-Construction Programs and Certifications summarized above.

**LIST of CERTIFICATIONS**

1. **CERTIFICATION REGARDING LOBBYING**

   Title 31, United States Code, Section 1352, entailed "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions," generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING $100,000 in total costs (45 CFR Part 93). By signing and submitting this application, the applicant is providing certification set out in Appendix A to 45 CFR Part 93.

2. **CERTIFICATION REGARDING PROGRAM FRAUD CIVIL REMEDIES ACT (PFCRA)**

   The undersigned (authorized official signing for the applicant organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Department of Health and Human Services terms and conditions of award if a grant is awarded as a result of this application.

3. **CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE**

   Public Law 103-227, also known as the Pro-Children Act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, day care, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

   Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

   The authorized official signing for the applicant organization certifies that the applicant organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The applicant organization agrees that it will require that the language of this certification be included in any sub-awards which contain provisions for children's services and that all sub-recipients shall certify accordingly.

   The Department of Health and Human Services strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the DHHS mission to protect and advance the physical and mental health of the American people.

** 1924(b)(2) of Title XIX, Part B, Subpart II of the Public Health Service Act (42 U.S.C. § 300x-24(b)(2)) and section 96.128(b) of the Substance Abuse Prevention and Treatment Block Grant; Interim Final Rule (45 CFR 96.120-137), SAMHSA relies on the HIV Surveillance Report produced by CDC, National Center for HIV/AIDS, Hepatitis, STD and TB Prevention. The HIV Surveillance Report, Volume 24, will be used to determine the states and jurisdictions that will be required to set-aside 5 percent of their respective FY 2016 SABG allotments to establish one or more projects to provide early intervention services for HIV at the sites at which individuals are receiving SUD treatment services. In FY 2012, SAMHSA developed and disseminated a policy change applicable to the EIS/HIV which provided any state that was a "designated state" in any of the three years prior to the year for which a state is applying for SABG funds with the flexibility to obligate and expend SABG funds for EIS/HIV even though the state does not meet the AIDS case rate threshold for the fiscal year involved. Therefore, any state with an AIDS case rate below 10 or more such cases per 100,000 that meets the criteria described in the 2012 policy guidance would be allowed to obligate and expend FY 2016 SABG funds for EIS/HIV if they chose to do so.

22. State Behavioral Health Planning/Advisory Council and Input on the Mental Health/Substance Abuse Block Grant Application

Narrative Question:

Each state is required to establish and maintain a state Mental Health Planning/Advisory Council for adults with SMI or children with SED. To meet the needs of states that are integrating mental health and substance abuse agencies, SAMHSA is recommending that states expand their Mental Health Advisory Council to include substance abuse, referred to here as a Behavioral Health Advisory/Planning Council (BHPC). SAMHSA encourages states to expand their required Council's comprehensive approach by designing and implementing regularly scheduled collaborations with an existing substance abuse prevention and treatment advisory council to ensure that the council reviews issues and services for persons with, or at risk for, substance abuse and substance use disorders. To assist with implementing a BHPC, SAMHSA has created Best Practices for State Behavioral Health Planning Councils: The Road to Planning Council Integration.\(^{97}\)

Additionally, Title XIX, Subpart III, section 1941 of the PHS Act (42 U.S.C. 300x-51) applicable to the SABG and the MHBG, requires that, as a condition of the funding agreement for the grant, states will provide an opportunity for the public to comment on the state block grant plan. States should make the plan public in such a manner as to facilitate comment from any person (including federal, tribal, or other public agencies) both during the development of the plan (including any revisions) and after the submission of the plan to SAMHSA.

For SABG only - describe the steps the state took to make the public aware of the plan and allow for public comment.

For MHBG and integrated BHPC; States must include documentation that they shared their application and implementation report with the Planning Council; please also describe the steps the state took to make the public aware of the plan and allow for public comment.

SAMHSA requests that any recommendations for modifications to the application or comments to the implementation report that were received from the Planning Council be submitted to SAMHSA, regardless of whether the state has accepted the recommendations. The documentation, preferably a letter signed by the Chair of the Planning Council, should state that the Planning Council reviewed the application and implementation report and should be transmitted as attachments by the state.

Please consider the following items as a guide when preparing the description of the state's system:

1. How was the Council actively involved in the state plan? Attach supporting documentation (e.g., meeting minutes, letters of support, etc.).
2. What mechanism does the state use to plan and implement substance abuse services?
3. Has the Council successfully integrated substance abuse prevention and treatment or co-occurring disorder issues, concerns, and activities into its work?
4. Is the membership representative of the service area population (e.g., ethnic, cultural, linguistic, rural, suburban, urban, older adults, families of young children)?
5. Please describe the duties and responsibilities of the Council, including how it gathers meaningful input from people in recovery, families and other important stakeholders, and how it has advocated for individuals with SMI or SED.

Additionally, please complete the Behavioral Health Advisory Council Members and Behavioral Health Advisory Council Composition by Member Type forms.\(^{98}\)

---

97 \(\text{http://beta.samhsa.gov/grants/block-grants/resources}\)

98 There are strict state Council membership guidelines. States must demonstrate: (1) the involvement of people in recovery and their family members; (2) the ratio of parents of children with SED to other Council members is sufficient to provide adequate representation of that constituency in deliberations on the Council; and (3) no less than 50 percent of the members of the Council are individuals who are not state employees or providers of mental health services.

22. State Behavioral Health Planning/Advisory Council and Input on the Mental Health/Substance Abuse Block Grant Application

ADULT BEHAVIORAL HEALTH SYSTEM

The Delaware Department of Health and Social Services, Division of Substance Abuse and Mental Health is designated by the Governor as the sole administering agency in the State of Delaware for the Combined Behavioral Health Services (CBHS) Block Grant. The Governor's Advisory Council (GAC) to the Division of Substance Abuse and Mental Health serves as the State Behavioral Health Planning Council pursuant to Section 1914 of the PHS Act (42 U.S.C. 300x-3). The membership of the Governor's Advisory Council includes 17 voting members appointed by the Governor and 10 associate members elected by the membership of the Council. Pursuant to section 1915 (a) [42 USCS Sec. 300x-4(a)], the Governor's Advisory Council reviews and makes recommendations regarding the state mental health plans and reports prepared by the Division and DCMHS in fulfillment of the Community Mental Health Block Grant requirements. There are currently 12 consumers or family members of consumers on the GAC.

The (GAC) to the Division of Substance Abuse and Mental Health was re-classified via State codification to be representative of the entire Behavioral Health System in Delaware. This effort was not one that was easily accomplished as each member of the committee is Governor appointed and in accordance with State legislation. DSAMH worked with the Chair of the (GAC) to add Substance Abuse Prevention and treatment to the Committee’s oversight.

In order to increase consumer representation and assure the adequacy of representation of children’s issues on the GAC, an estimated six new associate member appointments were made. These six associate members are family members of consumers and current members of the Children’s Advisory Council to the Department of Services for Children, Youth and their Families. In addition, the GAC established a Children’s Committee that also serves as a liaison between the GAC and the DCMHS Community Advisory Council.

The GAC also established a Community Mental Health Services Block Grant Subcommittee which consists of Planning Council members, consumers and family members of consumers. The subcommittee provides additional opportunities for Planning Council membership, consumers and family members of consumers to be involved with the development of the Community Mental Health Services Block Grant and State Plan.

The GAC-DSAMH has as its mandate to advise the Governor, Cabinet Secretary and DSAMH Division Director on issues affecting mental health services in the State. The Council also plays an active role in reviewing the Division’s budget and advocating to the
State’s legislative bodies on issues relevant to substance abuse and mental health.

**CHILD BEHAVIORAL HEALTH SYSTEM**

In addition to the (GAC), DPBHS participates on and facilitates two youth-specific planning committees. The DPBHS Community Advisory and Advocacy Council, described in this section, collaborate with the GAC through the facilitative efforts of the Children’s Committee, a standing committee of the Governors Advisory Council and the Advisory Council’s Transition Committee.

**Advocacy & Advisory Council:** The DPBHS Community Advocacy and Advisory Council is comprised of youth and families, representatives from advocacy groups, service providers, other state and private sector child-serving programs and our sister divisions in DSCYF. Meetings of the Council are held bi-monthly and as scheduled by task-specific committees. Responsibilities include:

- Collaboration with DPBHS staff in review of service continuum, utilization, process and outcome reports.
- Reviewing the CMHS State Plan and Implementation Report; collaboration with the Governor’s Advisory Council to DSAMH.
- Review and comment on program proposals and grant applications.
- Providing comments to the State Budget Office, the Governor’s Office, the Joint Finance Committee, and other review bodies as requested.
- Providing information regarding outreach, partnership and public information opportunities.
- Strategic planning.
- Providing information regarding outreach, partnership and public information opportunities.
- Annual goals for the Division.

**Further DPBHS-DSAMH Collaboration:** One DPBHS senior staff member is an appointed member of the Governor’s Advisory Council to DSAMH, and one DSAMH senior staff member is a member of the DPBHS Advocacy & Advisory Council. There are also six other representatives from the Children’s Advisory Council that sits on the Governors Advisory Council as well as other interested parties. Senior managers of DPBHS and DSAMH meet quarterly regarding the management of the CMHS Block Grant and areas of mutual interest in program development, as well as participating together in periodic site visits, conferences and trainings. A memorandum of understanding (MOUs) has been developed on the management of grants and on transition of youth to adult services.

**Primary sources of planning input to DPBHS**
• Statewide System of Care Team chaired by providers and staff.
• Interagency collaboration: In addition to the above-referenced collaboration with DSAMH, DPBHS staff participate on the steering committee for the Maternal and Child Health Block Grant, the Developmental Disabilities Council, an interagency committee on the development of school-based behavioral health services, interdivisional working groups on foster care development and training, program development for juvenile sex offenders, etc.
• Provider meetings and surveys: DPBHS holds quarterly meetings with providers of services and conducts an annual survey of provider satisfaction, solicits input regarding service improvement.
• Parent Information Center of Delaware.
• Ongoing needs assessment processes: The information management system is designed to collect ongoing information regarding service gaps. The Utilization Review Committee provides regularly scheduled reports on utilization patterns and their implications for program development. The DPBHS Leadership Committee and DPBHS representatives to various DSCYF working groups, such as Report Card, Information Management, and Safety Council and special projects to provides continuous input into planning processes.
• Research and continuing education: DPBHS has infrastructure and services, research grants, which keep staff members involved with current information and initiatives. All staff members have the opportunity to participate in training, and fulfill continuing education requirements and many have active roles in their professional organizations, providing additional sources of information for planning.

Indicate how the Planning Council was involved in the review of the application. Did the Planning Council make any recommendations to modify the application?

The GAC-established Community Mental Health Services Block Grant Subcommittee which consists of Planning Council members, consumers and family members of consumers was initially included in the review process of the 2-year plan, and they were furnished a copy of this year’s funding application for review. The previous 2-year plan was approved without any recommended application changes. Any recommendations for this funding application will be incorporated in the actual submission.
