I. PURPOSE:

The purpose of this policy is to outline the appeals process through the Division of Substance Abuse and Mental Health (DSAMH) Eligibility and Enrollment Unit (EEU) for all PROMISE programs and all programs requiring authorization from the EEU Utilization Review (UR) team. Providers may appeal decisions made by the DSAMH regarding DSAMH or Medicaid payor approvals. Appeals may include level of care admission, referral, denials of authorization, or discharge decisions.

II. POLICY STATEMENT:

DSAMH is responsible to ensure that the public behavioral health system serves all Delaware residents over 18 years of age in need of such services. While DSAMH EEU makes every effort to ensure client and provider satisfaction, there may be disagreements between the EEU and the provider. This policy provides an avenue for those times when the provider disagrees with the decision made by the EEU, elevating the decision to the Appeals Committee. DSAMH has the authority to deny appeals and in those cases the provider must adhere to the original decision by the EEU.

III. DEFINITIONS:

“**ACT**” means Assertive Community Treatment team.

“ACT Plus” (formerly CRISP) means an enhanced ACT program that allows for additional services.

“Appeals Committee” means the body that reviews Level 2 appeals from the EEU. The committee includes the DSAMH Medical Director and other designees from DSAMH Bureaus.

“Beneficiary” means an individual who is approved for PROMISE services.

“Day” means calendar day unless business day is specified.

“Delaware resident” means an individual who is not eligible for an out-of-state Medicaid plan and meets either of the following criteria:

1. An individual is domiciled in a permanent location or maintains a place of abode that they stay in that is a building, structure, or vehicle within the limits of the State, and spends more than 183 days in the State.
2. A person who possesses a valid Delaware-issued identification card such as driver’s license or non-driver identification card.

“Discharge” means closure from the contracted provider services or from PROMISE services.

“DSAMH” means the Division of Substance Abuse and Mental Health.

“EEU” means the DSAMH Eligibility and Enrollment Unit.

“Group Home (GH)” means a residential facility licensed as a Group Home for Persons with Mental Illness by the Division of Health Care Quality (DHCQ), together with the legal entity to which the license was issued.

“ICM” means Intensive Case Management team.

“PAC” means the PROMISE Assessment Center, a DSAMH facilitated program.

“PROMISE Program” means the Promoting Optimal Mental Health for Individuals through Supports and Empowerment (PROMISE) Home and Community-Based Services (HCBS) waiver program under DSAMH. PROMISE assesses beneficiaries for level of care needs and monitors services to ensure the beneficiary receives appropriate care from contracted providers.

“SUD” means substance use disorder.

IV. **SCOPE:**

The EEU is responsible for reviewing decisions regarding all PROMISE services and completes utilization review (UR) for state-pay private psychiatric hospital clients and SUD residential facilities for state-pay clients. This policy applies to all contracted providers and clients served by DSAMH EEU UR.

V. **PROCEDURE:**

 - a. All documentation related to appeals must be submitted to the appropriate locations and emails in the timeframes listed in the policy below.
 - b. Any documentation that is not submitted to the correct location or outside of the designated timeframe may result in a denial of the appeal.
2. The DSAMH Appeal process is to be utilized once all other options have been explored.
 - a. It is the expectation of DSAMH that the EEU staff, the PAC staff, community providers, partners, and beneficiaries, have exhausted all attempts to define services that both meet medical-necessity criteria and attempt to meet beneficiaries' preferences.
 - b. The appeal process is utilized when these efforts have been exhausted, beneficiary and provider are given education on decision, and beneficiary or provider decide to pursue DSAMH appeal.
 - c. Beneficiaries under Managed Care Organizations (MCOs) also have an additional appeal process under the Division of Medicaid and Managed Care and may appeal directly through the Medicaid appeals process.
3. When a beneficiary is discharged from PROMISE, the EEU shall do the following:
 - a. Send the individual, or guardian as applicable, a Notice of Action (NOA) stating the reason for the closure;
 - b. Pursuant to the NOA, the beneficiary has 90 days from the date of the NOA to file an appeal and have a hearing;
 - c. If the beneficiary contacts the EEU to return to services within 14 days, the beneficiary can return to services without having to restart the intake process;
 - d. If the beneficiary contacts the EEU after 14 days, the individual shall complete a brief screen and initial assessment with PROMISE; and
 - e. When clinically appropriate, EEU leadership and PROMISE leadership may reverse an administrative closure up to 60 days after notification.
 - f. Beneficiaries with Medicaid have the right to appeal a closure from PROMISE through the Fair Hearing Practice and Procedure set forth by [Medicaid](#).
4. An ACT, ICM, ACT Plus, GH provider, or any other PROMISE service may disagree with a referral sent by the EEU, a level of care change recommended by PROMISE, or a discharge recommendation, including EEU/PROMISE stating not to discharge a beneficiary.
 - a. Referral:
 - i. If the provider declines a referral sent by the EEU after assessing the beneficiary and clinical documentation, the provider team lead or other designee, may submit the PROMISE Appeal Request Form (DSAMH003A) to the DSAMH EEU appeals email at DHSS_DSAMH_EEU_Appeals@delaware.gov to state their reasons.
