Consumer Reporting Form
Training Manual

January 2011
CONSUMER REPORTING FORM
TRAINING MANUAL

GENERAL INFORMATION

There are six forms in the set - the ADMISSION REPORT, the DISCHARGE REPORT, the DETOX DISCHARGE REPORT, the HOSPITAL DISCHARGE REPORT, the INTRA-AGENCY TRANSFER REPORT and the PSYCHIATRIC DIAGNOSIS. Each of these forms is a two part carbonless document. The Admission and Discharge forms are each two pages long (both pages are carbonless two part documents). All programs, both mental health and substance abuse, will use the Admission and Discharge reports but only mental health programs are required to use the Psychiatric Diagnosis report.

The reason for repeating so many items at discharge illustrates the major change in purpose of these forms. In the past, the Central Office of DSAMH was primarily concerned with statistics on how many people were in their programs. That concern has been broadened. Not only are we concerned about how many people receive treatment, but also how effective the treatment is. If a consumer is indicated as being potentially eligible for SSI on the Admission form and then eligible and receiving payment on the Discharge form, we know that your program is fulfilling one of the primary goals of the Division which is to facilitate the full use of entitlements by our consumers. If living arrangement and residential arrangement changes from alone and homeless to lives with non-relatives in adult foster care, or if employment goes from unemployed-not looking to part time or volunteer, we know that you are meeting the Division's goals for housing and employment of our consumers.

The consumer MCI number is repeated on all sheets so that pages which become separated may be matched to each other.

What follows is a brief description of each item. Most items have codes for “unknown” and infrequently a code for “not collected”. It may not be clear when to use “not collected”. “Unknown” is meant for those situations when you simply do not collect this information. Its use is discouraged. For example, if your organization does not determine someone’s Medicaid number, this field would be filled in with 999998 (making 999999998M). This allows us to know that you did not leave the field blank accidentally but in fact do not collect that information. Use the code “unknown” for those items that you ordinarily collect but which are missing for this one consumer.

DSAMH maintains a 95% quality standard for CRF data. Each treatment unit will receive a monthly report card indicating their score for data accuracy which can range from 0 to 100.

For instance, if your organization ordinarily collects date of birth but you don't have that information for this consumer, fill it in with 07/07/77. Text fields can be filled with the words "NONE", "UNKNOWN" or "NOT COLLECTED". Numbers are filled with 6 or 96 for none, 7 or 97 for unknown, and 8 or 98 for not collected. Dates are coded 06/06/66.
for none, 07/07/77 for unknown, and 08/08/88 for not collected. In alpha coded fields, Z is always not collected, U is always unknown, N is usually none, not applicable, or no but may occasionally mean something more specific to the question such as “Not of Hispanic Origin” under Ethnicity, “Lives with Non-relatives” under Living Arrangements, “Homeless” under Residential Arrangements etc.

NOTE: With the exception of Alert Information, check only one item for each box.

**IMPORTANT TIPS FOR COMPLETING THE CRF FORM:**

The acceptable default date fields are **06/06/2666, 07/07/2777 and 08/08/2888**. For sections of the form where only a two character century date is allowed, you should enter **06/06/66, 07/07/77 and 08/08/88**.

Generally the codes "NOT COLLECTED" and “UNKNOWN” should not be used for required fields.

If you don't use an "optional" field, fill in a default value, such as "NONE" or "UNKNOWN."

Treatment Unit Name
Your organization’s name. A treatment unit is defined as an identifiable organization or unit of an organization that usually resides at a single location (which it may share with other organizations) and is an identifiable cost center. A distinguishing characteristic of treatment units is that consumers do not move readily between them and the organization usually requires that some transfer paperwork be generated for such a move. Each treatment unit may offer a variety of services such as group therapy, job skills training, etc. such that every consumer in the unit may not receive exactly the same mix of services. Consumers may, in fact, receive services from more than one treatment unit simultaneously. The key to this definition is the organization’s perception of that organizational unit has responsibility for the treatment of this consumer.

Treatment Unit ID #
Treatment unit identification - CMHS number or CSAT number plus 2 digits assigned by DSAMH.

Last Name
Consumer's last name (use formal name - Thomas)
First Name
Consumer's first name (use formal name - William)
M.I.
Consumer's middle initial (use formal name)

Must be the same for admission and discharge forms.

Modality (Select Only One)
Check the appropriate box to indicate whether the consumer is admitted to the treatment unit as a Mental Health consumer, an Alcohol / Drug consumer, or as a Co-Occurring (MH & AD) consumer. Some treatment units will have all MH consumers, some all AD consumers, some all Co-Occurring consumers, or some a combination.

Must be the same for admission and discharge forms.

[ ] MH Mental Health
[ ] AD Alcohol / Drug
[ ] DU Co-Occurring (MH & AD)
[ ] GA Gambling

Street (Optional) Consumer's address
City (Optional)
State (Optional)
Zip The first 5 digits are required; the last 4 are optional but appreciated if available.

- (999)999-9996   none
- (999)999-9997   unknown
- (999)999-9998   not collected

DSAMH Admission Date
The date of admission to a DSAMH funded Treatment Unit. If a client is being transferred from a Non-DSAMH funded unit to a DSAMH funded unit, use the date of the transfer, not the original program admission date. No future dates and no unreasonably old dates are allowed.

Must be the same on both admission and discharge forms.
- 06/06/66   in the unlikely event that there is none
- 07/07/77   in the less likely event that it is unknown
- 08/08/88   in the improbable event that you do not collect it

Birth Date
Consumer's date of birth. No future dates and no unreasonably old dates are allowed.

Must be the same on both admission and discharge forms.
- 07/07/2777   unknown
- 08/08/2888   not collected

MCI #
MCI ID number (also called PACT number)
- 9999999996   none
- 9999999997   unknown

Must be the same on both admission and discharge forms.

S.S. #
Social Security number
- 999-99-9996   none
- 999-99-9997   unknown
- 999-99-9998   not collected

Must be the same on both admission and discharge forms.
Medicare # Medicare number.

999999996N (1 blank on the end) None
999999997U (1 blank on the end) Unknown, not collected for this consumer
999999998Z (1 blank on the end) not collected for any consumer

Expected to be the same on both admission and discharge records.

U  Unknown
Z  Not Collected

Ethnicity (Hispanic or Latino)
P  Puerto Rican
M  Mexican
C  Cuban
O  Other Hispanic
N  Not of Hispanic origin
U  Unknown

NOTE: The Race and Ethnicity fields are completed based on self-report. This is further clarified by the following quotes from the Federal Register (Vol. 62, No. 210, October 30, 1997, p. 58785).
“underscore that self-identification is the preferred means of obtaining information about an individual’s race and ethnicity, except in instances where observer identification is more practical (e.g., completing a death certificate).”

“do not tell an individual who he or she is, or specify how an individual should classify himself or herself.”

**Background information on Race and Ethnicity from the Federal Register (Vol. 62, No. 210, October 30, 1997, p. 58789)**

The minimum categories for data on race and ethnicity for Federal statistics, program administrative reporting, and civil rights compliance reporting are defined as follows:

**American Indian or Alaska Native.** A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.

**Asian.** A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

**Black or African American.** A person having origins in any of the black racial groups of Africa. Terms such as “Haitian” or “Negro” can be used in addition to “Black or African American.”

**Hispanic or Latino.** A person of Cuban, Mexican, Puerto Rican, Cuban, South or Central American, or other Spanish culture or origin, regardless of race. The term, “Spanish origin,” can be used in addition to “Hispanic or Latino.”

**Native Hawaiian or Other Pacific Islander.** A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

**White.** A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

**Marital Status.** (NOTE: Co-habitation is indicated under Living Arrangement.)

- **M** Married
- **S** Single - never married
- **D** Divorced
- **X** Separated
- **W** Widowed
- **U** Unknown

**Primary Language** Consumer’s primary language

*Must be the same on admission and discharge forms.*

- **E** English
- **S** Spanish
- **M** sign (Manual) language
- **O** Other
- **U** Unknown
Residential Arrangement (The type of housing where the client lives)

- **PU** Private house or residence - Unsupervised
- **PS** Private house or residence - Supervised
- **FC** adult Foster Care
- **BH** Boarding House/Single Room Occupancy (SRO), YMCA
- **GU** Group setting/community residence - Unsupervised
- **GS** Group setting/community residence - Supervised
- **NH** Nursing Home/ICF or SNF Facilities
- **CJ** Corrections facility/Jail
- **I** other Institution (Includes acute care hospital, institution for mental diseases, etc.) greater than thirty (30) days
- **O** Other
- **N** None - on the street/in a shelter/homeless
- **U** Unknown

*(NOTE: Supervised housing means that supervision is provided as a part of the housing arrangement, not supervision of the consumer in their residence by an unrelated Community Support Program (CSP). Support is 7 days by 24 hours.)*

Homeless at any time during the past 30 days
Was the consumer homeless at any time during the 30 days prior to admission?
- **Y** Yes
- **N** No
- **U** Unknown

Veteran Status
The consumer’s or immediate family member’s current Military Service or Service history
- **VP** Veteran/Previous Military Service (includes active National Guard and Reserve Duty)
- **AD** Active Duty
- **FM** Immediate Family Member of Military or Veteran (Immediate family member is a partner, spouse, child, parent, or sibling.)
- **NA** None of the Above
- **U** Unknown
- **NC** Not Collected

Education Write in the Highest Grade Completed
- **01-12** Elementary/High School
- **13-16** College/post secondary
- **17** Graduate school at the masters level
- **18** Graduate school at the Ph.D./MD. level
19  Post doctoral work
96  never completed any grade higher than preschool or kindergarten
97  unknown

NOTE: Post secondary programs that last less than a year should not be counted. If the person completed his senior year of high school and then 6 months of technical training, they would still be coded as 12. If he spent 9 months to a year in training, he would be coded as a 13. If the person completed 9th grade but no more and later got into a specialized training program, the highest grade they completed is still considered to be 9th and should be coded as 09.

Obviously this scheme cannot cover the many ways a person may acquire an education. Your judgment as to their level of accomplishment will have to be the final determinant.

Primary Employment During The Past 30 Days
The consumer's current primary employment or source of earned income during the past 30 days. If there is no earned income, use their primary daily activity. If they are a student and work part time, mark part time here and student under secondary employment. If they are a student and don't work, mark student here and secondary employment as none.

F  Full time (35 hours a week or more)
P  Part time (less than 35 hours per week)
M  Military Armed Forces, active duty (active reserves, reserves)
L  unemployed - Looking for work
N  unemployed - Not looking
D  Disabled/unable to work means that the consumer is so impaired by their disability that they are unable to engage in any form of part time or volunteer activity.
H  Homemaker
S  Student
R  Retired
I  Inmate or resident of an institution (This includes an acute care hospital, institution for mental diseases, nursing home, jail, prison, etc.) for over thirty (30) days.
V  Volunteer
O  Other
U  Unknown

Primary Health Insurance
The consumer's primary health insurance carrier; choose only one. If the consumer has more than one, chose the one most likely to pay for the majority of the services you give that will be paid for by any insurance. (Check the appropriate insurance carrier even if they will only pay for limited benefits and DSAMH will cover the rest.)

Alcohol & Drug Use Matrix
This information is required from both mental health and substance abuse providers. The codes appear in the box surrounding the matrix. The Primary column is for the drug deemed the primary cause of problems for the user. If the consumer does not have a drug or alcohol problem, place an N (none) in the Substance Type under each column heading, Primary, Secondary, Tertiary, and draw a line down through the remaining boxes in each column, Frequency of Use, Route of Administration, Age of First Use. This item does not apply to drugs given legally for therapeutic reasons.

Source/Agency Code
*This is the number for the agency that referred the consumer to you. The five character code comes from the Referral Agency List.* This code list will be updated quarterly. As you identify agencies that are not on this list, we would appreciate it if you contact the MIS unit of DSAMH (577-4460). In the meantime, you should be able to use the more generic major category, such as AA000 for Individual, Employer, Church, or School.
T Transferred - responsibility for this consumer's treatment was relinquished by the transferring treatment unit and acquired by this treatment unit.
R Referred - the referring treatment unit called to set up the first appointment and informed the consumer of same
S Self-referred - the consumer was primarily responsible for establishing contact with this treatment unit

Destination Agency Code
(Please write in the five (5) character code listed in the current version of the Referral Agency List. The Referral Agency List is now available on the DSAMH web site. http://www.state.de.us/dhss/dsamh/dmhhome.htm)

These are the agencies that you referred the consumer to. The five character code comes from the Referral Agency List. This code list will be updated quarterly. As you identify agencies that are not on this list, we would appreciate it if you contact us. In the meantime, you should be able to use the more generic major category. The Primary agency should be the one you transferred the consumer to or the one that will have the most to do with the consumers continued treatment. Enter N followed by four blanks for none and U followed by four blanks for unknown.

N  None
U  Unknown

For each agency you will indicate what kind of transfer or referral was made.

T  Transferred - responsibility for this consumer's treatment was relinquished by this treatment unit and acquired by another treatment unit.
R  Referred - this treatment unit called to set up the first appointment and informed the consumer of same.
A  Additional services were advised but a transfer or referral was not done.
N  No additional services were advised.
U  Unknown.
