Dr. McClure open meeting at 9:10 AM

- Welcome and Introduction

Wendy Frosh presented:

- Agenda
- Overview of last meeting

Wendy Frosh presented Vision of Oral Health Plan:

- The population (consumer and professional) will understand the importance of oral health to systemic health
- Oral health care will be available as part of a comprehensive health care system, and fully integrated with medical care
- The delivery of oral health care services will be consistent with current science, evidence-based, and monitored for efficacy and quality
- Workforce planning and design should ensure that composition and supply address the needs of the entire population
- Access to oral health care will be improved through financing strategies that address coverage and reimbursement
- Oral health care will be provided in a manner that assures accessibility

Wendy Frosh went over Surgeon General's Report: Comparing to the new draft of the Oral Health Vision

Lunch was served

Dr. McClure thanked everyone for attendance

Wendy Frosh presented an overview of group discussions. Wendy will be sending PPT to all attendees.
