

# How To Access Publicly Funded Addiction Treatment in Delaware

Updated 7/17/24

**Treatment works and recovery is possible. Start your recovery journey today.**

If you do not have health insurance or have insurance that doesn't fully meet your healthcare needs, you may be eligible for **free addiction treatment services** through Delaware's Division of Substance Abuse and Mental Health (DSAMH). If you have insurance, please visit [www.TreatmentConnection.com](http://www.TreatmentConnection.com) to find a provider that is right for you.

## Who can I call or where can I visit to find publicly funded treatment?

**Call the Delaware Hope Line**  
1-833-9-HOPEDE

**Call a treatment program directly**  
(see the list of programs below)

**Ask your physician to make a referral** through the Delaware Treatment and Referral Network (DTRN)/OpenBeds.

**Visit or call your local DSAMH Bridge Clinic.** Bridge Clinic staff will conduct an assessment and ask you questions to determine what treatment is right for you. Bridge Clinics can offer short-term counseling, peer support, care coordination, and same- or next day buprenorphine treatment, before linking you with a long-term treatment option.

**Bridge Clinic  
New Castle County  
Fernhook Building**  
14 Central Ave.  
New Castle, DE 19720  
Daily, 8:00am to 11:30pm  
 302-255-1650

**Bridge Clinic  
New Castle County  
Hope Center**  
365 Airport Rd.  
New Castle, DE 19720  
M-F, 8:00am to 4:30pm  
Sat, 8:00am to 4:30pm  
 302-544-6815

**Bridge Clinic  
Kent County  
James W. Williams  
State Service Center**  
805 River Rd., 3<sup>rd</sup> Floor  
Dover, DE 19901  
M-F, 8:00am to 4:30pm  
 302-857-5060

**Bridge Clinic  
Sussex County  
Thurman Adams  
State Service Center**  
546 S. Bedford St.  
Georgetown, DE 19947  
M-F, 8:00am to 4:30pm  
 302-515-3310

Most addiction treatment programs start with a **comprehensive assessment** – administered by an addiction specialist or other clinician – to understand your needs and inform your treatment plan. **To get an assessment, call or visit a Bridge Clinic or call the other programs listed on page 3.**

# Who can I call if I am in crisis?

Call **911** for medical emergencies.

Call or text **988** for mental health or addiction-related crises.

---

---

## What types of programs are available?

### Withdrawal management programs

Withdrawal management, formerly known as “detox,” helps you stop using substances in a safe outpatient or inpatient environment.

### Residential treatment programs

Residential treatment programs provide counseling, peer support, and structured programming in a residential environment.

### Intensive outpatient and other outpatient programs

Outpatient programs provide clinic-based services, including individual and group counseling, peer support, case management, and medications to help you in your recovery.

### Sober living programs

Sober living programs provide you with a place to stay and a supportive community while you participate in other outpatient programming.

## Many addiction treatment programs include the following services:

### Medications for Opioid Use Disorder (MOUD):

These highly effective medications – such as methadone, buprenorphine, and naltrexone – help stop your withdrawal symptoms and cravings and are usually prescribed or administered in a clinic setting. The program directory on page 3 indicates which programs provide MOUD with this symbol: .

**Case management services:** Trained professionals help you gain access to medical, social, and educational services, and other resources.

**Peer services:** Peer Recovery Specialists support you in your recovery from addiction, mental health conditions, or both. Peer Recovery Specialists are specially trained individuals who have maintained their own successful recovery and help others through shared understanding, respect, and mutual empowerment.

**Counseling:** Professional counselors help you identify goals and potential solutions to problems you are facing, improve your communication and coping skills, strengthen your self-esteem, and help you make changes in your life that support your mental wellbeing and recovery.

# Where can I get publicly funded treatment?

(Updated as of 7/1/24; for most current version, please visit [https://www.dhss.delaware.gov/dhss/dsamh/substance\\_abuse.html](https://www.dhss.delaware.gov/dhss/dsamh/substance_abuse.html))

It is recommended that you do not visit the addresses listed below before contacting the program. The  symbol identifies which programs provide medications for opioid use disorder.

**Please note: This is not a full list of all treatment providers in Delaware.** The providers in this list have a contract with the state to provide free treatment services to people who do not have health insurance or whose health insurance doesn't fully meet their healthcare needs.

### Mobile Resource

 Northeast Treatment (NET) Center’s Mobile Addictions Recovery Recreational Vehicle (MARRV) provides buprenorphine treatment, Naloxone/Narcan, and linkage to other supportive services, including medical care, to people with substance use disorders. It is located at The Shepherd’s Office at 408 N. Bedford St., Georgetown DE 19947 on Mondays and Thursdays from 11am-4pm. Contact 302-256-9203 to for more information, including additional locations.

## Where can I get Naloxone (commonly called “Narcan”) and other harm reduction resources?

### Access Naloxone

Naloxone is a lifesaving medication that can reverse an opioid overdose in just minutes. You can get free Naloxone at the Bridge Clinics, by attending a DSAMH training event, or by requesting it via mail.

For more information, visit <https://www.helpsherede.com/overdose-prevention/where-to-get-narcan>

### Syringe Services Program

Brandywine Counseling and Community Services provides outreach and supportive services, including sterile injection equipment to individuals to reduce transmission of infectious disease, Naloxone/Narcan, and connection to treatment services, meeting clients without judgment to help them explore available options for increasing safety and accessing care.

For more information, visit [www.brandywinecounseling.com/ssp](http://www.brandywinecounseling.com/ssp)
