

Redaction Statement

Instructions: The Diamond State Hospital Review Board (DSHCRB) shall post the portions of the submission that are considered public records in accordance with 16 Del. C. §9958(b)(2).

This statement serves to identify proposed redactions in the submissions, including the asserted basis for each redaction. The statement must include:

1. a general description of the information;
2. the document(s) where the information appears; and
3. the asserted basis for withholding, with a brief explanation of why the information falls within that provision.

Redactions of the same type may be addressed together; a line-by-line discussion of individual redactions is not required.

Attach the public version of each redacted submission with proposed redactions for public posting.

A. List of proposed redacted submissions (add additional rows as needed):
