NOTICE OF INTENT FOR CERTIFICATE OF PUBLIC REVIEW ("COPR") FOR THE ACQUISITION OF A MAGNETIC RESONANCE IMAGING MACHINE AT BAYHEALTH'S TOTAL CARE SITE IN MILTON

Dear Ms. Wright:

Bayhealth Medical Center, Inc. will be seeking the Delaware Health Resources Board's approval for the acquisition of a Magnetic Resonance Imaging ("MRI") machine at Bayhealth's Total Care site in Milton. We look forward to submitting the COPR application and providing all the required information.

Thank you for your consideration of this project. If you have any questions, please feel free to contact me directly at (302) 744-6556.

Sincerely,

John Van Gorp
SVP, Chief Strategy Officer

Narrative of Proposed Project

Bayhealth Medical Center, Inc. ("Bayhealth") is seeking approval for the acquisition of a Magnetic Resonance Imaging ("MRI") machine at Bayhealth's Total Care site in Milton. The elements of the project (in total, the "Proposed Project") are as follows:

- Acquisition of an MRI; and
- Fitting out and furnishing of one room within the first floor of Bayhealth's Total Care site in Milton to accommodate the MRI.

The total cost of the Proposed Project is estimated to be $3.4 million. The Proposed Project is one component of Bayhealth's broader strategic plan, which includes a separate Certificate of Public Review application for the acquisition of an MRI for Bayhealth Hospital, Kent Campus.

Bayhealth's MRIs are currently operating at capacity with backlogs of up to 5 weeks, resulting in delays of care for imaging. Bayhealth has already seen significant growth as MRI utilization has increased by 31% from Fiscal Year ("FY") 2023 to FY 2025 at their Sussex Campus. With projections showing continued growth in MRI utilization, the Proposed Project would allow for Bayhealth to improve access to its patients, reduce current and future capacity constraints, and prevent continued delays in care.

The Proposed Project is planned for completion in 2027.
