FINDINGS:

Inspection of the facility took place 07/30/2025. A total of 11 dogs were located on the premises at the time of this inspection and another estimated 28 dogs and 1 cat were reported to be in foster homes in Pennsylvania or the owner's home. There is also a transport of 5 dogs that were not in the shelter or on the foster list. The inspection results are as follows:

The shelter was noncompliant with the most provisions of the Act and its regulations as reflected on this inspection form. The shelter owner has no understanding or regard for Delaware laws governing animals held in shelter. Inspectors were not provided complete records for animals in care or those adopted out. It is unclear how many animals are in the shelter's care and where they are located.

ACTIONS:

The shelter is ordered to close immediately and may not operate in Delaware. All animals shall be removed from the facility within 7 days, with proof provided as to their placement. A follow up inspection will be conducted.
