

INFECTION PREVENTION CHECKLIST
Ambulatory Surgical Center

STAFF NAME: _____ DATE: _____ TIME: _____

	Self Assessment		Pass	Fail	Re-Check
	Pass	Fail			
1. The facility provides supplies necessary for adherence to hand hygiene (e.g., soap, water, paper towels, alcohol-based hand rub) and ensures they are readily accessible to HCP patient care areas.					
2. Staff perform hand hygiene:					
• Before donning gloves					
• After doffing gloves					
• Before direct patient contact					
• After direct patient contact					
• Before performing invasive procedure(s) (e.g., placing an IV)					
• After contact with blood, body fluids, or contaminated surfaces (even if gloves were worn)					
3. Regarding gloves, staff will:					
• Wear gloves for procedures that might involve contact with blood or body fluids					
• Wear gloves when handling potentially contaminated patient equipment					
• Remove gloves before moving to the next task and/or patient					
4. Fingernails must be kept short and clean. Artificial fingernails and/or extenders shall not be used by direct caregivers.					

We appreciate your input.
