NAME OF FACILITY: The Vero at Newark DBA Juniper Village DATE SURVEY COMPLETED: December 18, 2024 STATEMENT OF DEFICIENCIES ADMINISTRATOR'S PLAN FOR COMPLETION SECTION SPECIFIC DEFICIENCIES **CORRECTION OF DEFICIENCIES** DATE The State Report incorporates by reference and also cites the findings specified in the Federal Report. An unannounced Annual and Complaint Survey was conducted at this facility from December 16, 2024 through December 18, 2024. The deficiencies contained in this report are based on interview, record review and review of other facility documentation as indicated. The facility census on the first day of the survey was one hundred thirty-four (134). The survey sample totaled fourteen (14) residents. Abbreviations/definitions used in this report are as follows: BOM - Business Office Manager; DOW - Director of Wellness; CFPM – Certified Food Protection Manager; Contract - A legally binding written agreement between the facility and the resident which enumerates all charges for services, materials, and equipment, as well as non-financial obligations of both parties, as specified in the State regulations; DHCFA (Delaware Health Care Facilities Association) - Program dedicated to enhance the quality of life of individuals in our facilities by promoting high standards of care. DHCFA supports its members in delivering accessible, efficient, quality long-term care and a continuum of related services to those they serve; EC - Executive Chef; EMAR – Electronic Medication Administration Record; FDOW - Former Director of Wellness:

ECTION	STATEMENT OF DEFICIENCIES SPECIFIC DEFICIENCIES	ADMINISTRATOR'S PLAN FOR CORRECTION OF DEFICIENCIES	COMPLETION DATE
	Based on interviews, review of marketing brochure "Celebrate your life in the third act", review of the "resident and services agreement", and review of the "addendum to residence and service agreement for memory care services", it was determined that the facility's memory care information disclosed to persons seeking specialized care for memory impairment in an assisted living facility failed to provide some elements of information. Findings include: The facility failed to provide the staffing plan & training policies including the staffing plan, orientation, and regular in-service education for specialized care; the physical environment of the memory care unit, the frequency and types of resident activities and the processes for addressing the mental health, behavior management, and social functioning needs of the resident. 12/18/24 - Per interview with E9 (Sales Advisor) at approximately 2:00 PM, E9 confirmed the information contained in the facility's materials may not contain all of the regulatory required information. E9 stated when prospective residents/families arrive for a tour, the Memory Care unit and services are discussed. 12/18/24 - Per interview with E8 (AL Director of Sales/Marketing) at approximately 2:05 PM, E8 confirmed the information contained in the facility's materials may not contain all regulatory required information. E8 stated prospective residents are given the resident services agreement and addendum agreement for Memory Care to review prior to being admitted. 12/18/24 - Per interview with E1 (ED) at approximately 2:15 PM, E1 stated the information.	Statement per our initial licensure standards. The move in checklist was updated to include this requirement for inspection/audit purposes. The 3 staff associates in sales and medical concierge were re-inserviced by Director of Wellness on re-implementation of this standard. (see attachment 1A and 1B) 4. To monitor deficient practice will not reoccur and quality assurance directives to put in place: Sales Manager, ED or designee will audit new move ins to ensure compliance with this practice. Audit in QAA will be maintained monthly * 3 months or until 100% compliance is achieved and reported to QAA committee.	2/1/25

E25 was unable to determine how the medications were listed a second time in the previously used EMAR system that did not confirm who entered medications. This double medication entry resulted in R3 receiving three medications (Donepezil, Lisinopril and Atorvastatin) twice per day for four days when the Physician order was for one time per day. The Physician was notified and E25 instituted retraining for all nurses and a new procedure with the facility pharmacy on data entry confirmation. E25 reviewed all of the residents' medications to ensure accuracy. R3 was closely monitored over the next 48 hours to observe for any untoward side effects of receiving double doses of the medications. The facility no longer utilizes the EMAR system that was in place during this error. 5/7/24 - At approximately 9:20 AM, E25 was notified by E26 (MA) that R3 received another resident's medication. E26 indicated she became distracted by another resident and inadvertently administered (Amlodipine, Lasix, Ferrous Sulfate, Metamucil, Vitamin C, Vitamin D, Eliquis and Magnesium Oxide) to R3. After R3 took the medication, R3 stated she usually does not take that much medication. E26 then notified the nurse on duty, E10 (LPN) of her error. The Physician and family were notified of the medication error and R3 was monitored hourly for untoward results from these medications. E26 was immediately removed from medication administration duties. E25 later provided observation of E26 passing medications and retrained E26 on the five rights for medication

	EQUIPMENT surfaces shall be: (1) Held between uses in a chemical sanitizer solution at a concentration specified under § 4-501.114.	4. To monitor deficient practice will not reoccur and quality assurance directives to put in place:
	12/16/24 — During the initial tour of the kitchen at approximately 9:30 AM, a soiled wiping cloth was observed lying on a food prep surface and not stored in a chemical sanitizer. 12/16/24 — During interview with E7 at approximately 9:30 AM, E7 confirmed the findings. This surveyor asked where the sanitizing buckets for cloth storage were and E7 reported that they had not been prepped yet. E7 immediately prepped, tested, and positioned the sanitizing solution for use.	Executive Chef will provide Audit in QAA ensuring a 10% sample of Sanita- tion/Food & Beverage Checklist (5) from prior month monthly. This will be maintained monthly *3 months or until 100% com- pliance is achieved and re- ported to QAA committee.
	3-305.11 Food Storage. (A) Except as specified in ¶¶ (B) and (C) of this section, FOOD shall be protected from contamination by storing the FOOD: (2) Where it is not exposed to splash, dust, or other contamination; and (3) At least 15 cm (6 inches) above the floor.	Food storage: 1. All residents have the potential to be impacted by this deficiency. Deficiency was corrected at time of survey and associate re-inserviced.
	12/16/24 — During the initial tour of the kitchen at approximately 9:30 AM, the walk-in refrigerator revealed uncovered desserts on a shelf and sodas stored in a bin on the floor. 12/16/24 — During an interview with E7 at approximately 9:30 AM, E7 confirmed the findings.	2. No other residents were identified as being impacted by this deficiency. Executive Chef continues to observe for repeat deficiencies. (In-Service Attachment 3.0)
	3-501.16 Time/Temperature Control for Safety Food, Hot and Cold Holding. (A) Except during preparation, cooking, or cooling, or when time is used as the public health control as specified under §3-501.19, and except as specified under ¶ (B) and in ¶ (C) of this section, TIME/TEMPERATURE CONTROL FOR SAFETY FOOD shall be maintained: (1) At	3. COMPLETION DATE

Based on record review, interview and review of other facility documentation, it was determined that for eight (R2, R3, R6, R7, R8, R9, R11 and R14) out of ten resident sampled Service Agreements, the facility lacked evidence of the residents' personal attending Physician's address and phone number. Findings include:

- 1. 5/11/23 R2 was admitted to the facility. The Service Agreement completed on 11/3/24 did not contain the R2's personal attending Physician's address and phone number.
- 2. 4/29/24 R3 was admitted to the facility. The Service Agreement completed on 4/26/24 did not contain the R3's personal attending Physician's address and phone number.
- 3. 10/31/24 R6 was admitted to the facility. The Service Agreement completed on 10/31/24 did not contain the R6's personal attending Physician's address and phone number.
- 4. 11/13/24 R7 was admitted to the facility. The Service Agreement completed on 10/23/24 did not contain the R7's personal attending Physician's address and phone number.
- 5. 7/6/23 R8 was admitted to the facility. The Service Agreement completed on 8/6/24 did not contain the R8's personal attending Physician's address and phone number.
- 6. 4/4/23 R9 was admitted to the facility. The Service Agreements completed on 4/4/24 and 5/14/24 did not contain the R9's personal attending Physician's address and phone number.

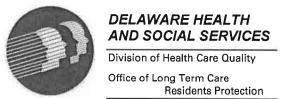

Executive Chef will provide Audit in QAA ensuring a 10% sample of Sanitation/Food & Beverage Checklist from prior month monthly. This will be maintained monthly * 3 months or until 100% compliance is achieved and reported to QAA committee.
